If You See Something, Say Something!

Now you can See Something, Send Something!

“See Something, Send Something” allows anyone to capture suspicious activity as a photo or written note, and send the information to the New York State Intelligence Center. The application, which can be downloaded for free for iPhone and Android phone users, also includes information on what to look for and when to report suspicious activity.

KNOW THE EIGHT SIGNS OF TERRORISM

1. **Surveillance:** Individuals recording, watching, unusually photographing or monitoring activities, especially near critical infrastructure.
2. **Suspicious Questioning:** Seeking information about manpower and staffing, facility specific information, response protocols and security without an obvious need to know.
3. **Tests of Security:** Breaches of security or attempted intrusions as a test; may include numerous or unexplained false alarms, and/or individuals in secure areas claiming to be lost.
4. **Funding:** Suspicious transactions involving large cash payments, deposits, withdrawals, or transfers of money; bulk cash smuggling; suspected financial fraud; sale of counterfeit goods; or misleading charities.
5. **Acquiring Supplies:** Purchase, theft, loss, or stockpiling of supplies needed for an attack; may include explosives, weapons, chemical precursors, computers, blue prints, maps, fake identification cards, security plans, training materials, etc.
6. **Suspicious Persons Out of Place:** Persons who do not seem to belong, exhibiting unusual behaviors or unauthorized possession of uniforms, credentials, or cloned/stolen/repurposed vehicles.
7. **Dry or Trial Run:** Individuals practicing for a later attack, to determine timing and escape routes.
8. **Deploying Assets:** Positioning equipment and/or personnel in preparation for an attack.
