PROFESSIONAL DEVELOPMENT SERIES - NATIONAL TRAINING CURRICULUM

Description:

The Emergency Planning Course provides emergency management and public safety personnel with the knowledge, skills and ability to develop or enhance their Comprehensive Emergency Management Plans. This course will highlight the importance of building an integrated system for emergency planning that uses multi-agency teams to address risk reduction, response and recovery.

This course goes beyond the preparation of written plans and stresses the need to apply a comprehensive planning process which includes; research and fact-finding, capability assessments, risk reduction, hazards analysis, plus political and institutional acceptance of change.

Course Curriculum and Topics:

Legal Basis for Planning, The Planning Process, Leadership and Team Building, Plan Development and Review, Assessing Risk/Vulnerability, Risk Reduction, Capability Assessments, Testing and Evaluation.

Prerequisites:

The training course will briefly cover other DHS initiatives and continuity planning. Participants are recommended to complete the following FEMA Independent Study (IS) courses: IS-700.a, *NIMS, An Introduction*, and IS-800.B, *NRF, An Introduction* to enhance the learning experience.

Both are available here:
