

AWR-135 PROMOTING COMMUNITY CYBERSECURITY

NO. OF OPENINGS: 40

WESTCHESTER COUNTY

1 DAY

OCTOBER 26, 2016

ANNOUNCED: AUGUST 11, 2016

Description:

AWR-135 provides participants an introduction to basic cybersecurity topics as well as the Community Cyber Security Maturity Model (CCSMM). Through the use of case studies, participants will examine the characteristics within each dimension of the CCSMM that facilitate becoming a cyber resilient community, as well as actions that are counterproductive to cyber resiliency. Participants will utilize this information to determine how they can improve cybersecurity and cyber resiliency in their organizations and communities.

Topics

- The security environment
- What is being attacked
- Threats
- Types of attacks
- The potential for catastrophe
- Awareness
- Information Sharing
- Processes
- Planning
- The environment
- Interrelationships between dimensions
- What to do next

Who Should Attend?

General Managers, Security Personnel, Planning Personnel
Incident Responders, IT Managers
