## I. Program Overview

The FY2010 UASI program provides federal grant funding to address the unique multi-discipline planning, organization, equipment, training, and exercise needs of high-threat, high-density Urban Areas, and to assist them in building and sustaining capabilities to prevent, protect against, respond to, and recover from threats or acts of terrorism. This grant directly supports the National Priority of “Expanding Regional Collaboration” in the *National Preparedness Guidelines*.

The FY2010 UASI program is intended to enhance regional preparedness efforts. UASI program implementation and guidance must include regional partners and should have balanced representation among entities with operational responsibilities for prevention, protection, response, and recovery activities within the region. As the State Administrative Agency (SAA) for the UASI grant, the NYS Division of Homeland Security and Emergency Services (DHSES) must ensure that each of New York’s urban areas take an inclusive regional approach to the development and implementation of the UASI program and involve the contiguous jurisdictions, mutual aid partners, port authorities, rail and transit authorities, campus law enforcement, State agencies, Citizen Corps Councils, and MMRS jurisdictions in their program activities.

Activities implemented under UASI must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, or response to terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate the dual-use quality for any activities implemented that are not explicitly focused on terrorism preparedness.

Throughout the project period, DHSES will be available to assist counties in enhancing their homeland security programs. If you have any questions regarding the development of your local applications for the FY2010 HSGP grants, please contact DHSES’ Grant Hotline at (866) 837-9133 or [grants@security.state.ny.us](mailto:grants@security.state.ny.us).

## II. Highlights

**Directions for Completing Application:** To complete this application for FY2010 UASI funds, grantees should review this Program Guidance document and the E-Grants Users Tutorial. Next, all budgetary and programmatic information must be entered in DHSES’s electronic grants management system (E-Grants). Lastly, you should attach your completed “Local Application Worksheet” in E-Grants prior to submitting your application to DHSES. Please refer to Section IV of the Program Guidance for additional details regarding this Worksheet.

**Deadline:** Grantee’s applications are due in E-Grants by December 31, 2010.

**Period of Performance:** The period of performance for FY2010 UASI funds is 36 months (8/1/2010-7/31/2013).

**DHS Funding Baseline:** Like 2009, DHS is requiring that 26.63% of UASI funds be spent on Law Enforcement Terrorism Prevention Activities (LETPA), which includes law enforcement terrorism prevention-orientated planning, organization, equipment, training, and exercises.

**NIMS Implementation:** All jurisdictions in NYS are expected to demonstrate they have made sufficient progress towards the FY2010 NIMS implementation requirements imposed by the federal Department of Homeland Security, in order to be considered for Federal preparedness awards in FY2010. Please contact NYS's NIMS Information Coordinator, Matt Matney, if you have questions about NIMS implementation. (Matt Matney; DHSES; 518-457-9107; [nims@security.state.ny.us](mailto:nims@security.state.ny.us))

**Drawdown of Funds/Interest:** This is a reimbursement program, however, if needed, grantees may request an advance of funds. If DHSES approves such request, grantees may drawdown funds for up to 120 days prior to expenditure/disbursement. Advanced funds must be placed in an interest bearing account and grantees must account for this interest earned. Local units of government may keep interest earned on Federal grant funds up to \$100 per federal fiscal year. This maximum limit is not per award; it is inclusive of all interest earned as a result of all Federal grant program funds received per year. Interest earned in excess of \$100 must be remitted to DHSES.

### III. E-Grants Guidance

**E-Grants Support:** Please follow the guidance provided in the E-Grants Users Tutorial document which is included in your award package. For questions not addressed in the packet, please contact DHSES' Grant Hotline at (866) 837-9133.

**E-Grants Tip:** In an effort to ease the application development process for grantees, DHSES is encouraging counties to develop fewer projects under the "work plan" tab in E-Grants. For each project you develop, you will be able to list out the task(s) you will complete in support of that project. By combining related tasks under an overarching project, you will be able to submit a condensed application, thus reducing your workload.

## IV. FY2010 Programmatic Guidance

**Application Linkages:** All allocations and use of funds under the UASI must support the State Homeland Security Strategy, your Urban Area Homeland Security Strategy and one or more of your Urban Area's Investment Justifications (Appendix B). Moreover, all allocations under the UASI must support the National Preparedness System, which includes the 8 National Priorities and the 37 Target Capabilities, and the DHS Workplan Codes (Appendix A). For more information on the National Preparedness System, please refer to: <http://www.fema.gov/prepared/index.shtm>.

**State Homeland Security Strategy:** As noted above, all of your FY2010 UASI grant projects must support the Goals and Objectives in the State Homeland Security Strategy.

- **Accessing the Strategy:** The complete Strategy can be accessed online: ([http://www.security.state.ny.us/publications/2009\\_NYS\\_Homeland\\_Security\\_Strategy.pdf](http://www.security.state.ny.us/publications/2009_NYS_Homeland_Security_Strategy.pdf)).
- **Using the Strategy in E-Grants:** In E-Grants, grantees will now use the Objectives in the State Homeland Security Strategy as the basis for developing their Workplan. Please refer to the E-Grants Users Guide for complete details. Moreover, in the Funding Allocation Tab in E-Grants, each budget line must be linked back to a Goal in the State Homeland Security Strategy.

**FY2010 UAWG Charter:** Each UAWG's Charter must be on file with FEMA prior to drawing down FY2010 UASI funding and must be made available to all UAWG members to promote transparency in decision-making related to the UASI program. While each of the State's UAWGs does have a FEMA-approved Charter on file, we recommend these Charters be reviewed on an annual basis and with any appropriate changes made.

**Additional Application Questions:** In a change from prior years, DHSES has removed the "narrative" questions previously asked in E-Grants and is instead requiring that these questions be answered in a separate Microsoft Word document, the "Local Application Worksheet," that will be attached in E-Grants. The intent is to make it easier for grantees to work on the required application questions and to share them with others as appropriate prior to their submission to DHSES. The FY2010 UASI application questions are outlined below.

- I. **Capability Enhancement:** Describe how you are using homeland security funds to build your capabilities. For each Objective in your Workplan in E-Grants, provide a brief explanation of how this project will enhance your Urban Area's homeland security capabilities. Consider indicating specific measurable outcomes, if appropriate, to demonstrate the development of capabilities in your jurisdiction.
- II. **Sustainment:** Indicate how of your funding is used to sustain capabilities developed during previous grant cycles.
- III. **Exercises:** Exercises are an important tool that can be used to test your Urban Area's capabilities and to highlight areas for improvement. Provide a brief description of each exercise you intend to fund as part of this application. Include the jurisdictions and

disciplines to be involved, what capabilities will be tested, and a general timeframe for the completion of the exercise.

## V. Authorized Program Expenditures

**Reminder:** 26.63% of UASI funds must be allocated in support of law enforcement terrorism prevention-oriented planning, organization, training, exercise, equipment activities, and/or management and administration (M&A) costs including those activities which support the development and operation of fusion centers.

### Planning

- Planning activities are central to the Urban Areas Security Initiative (UASI). For a complete list on allowable planning costs, please refer to Appendix C: Allowable Cost Matrix.

### Organizational Costs

- Up to 50% of your award may be spent on allowable organizational activities (listed below). All organizational activities also count towards the 50% personnel cap as well.
1. **Overtime Costs:** Overtime costs are allowable for personnel to participate in information, investigative, and intelligence sharing activities specifically related to homeland security and specifically requested by a Federal agency. Allowable costs are limited to overtime associated with federally requested participation in eligible fusion activities including anti-terrorism task forces, Joint Terrorism Task Forces (JTTFs), Area Maritime Security Committees (as required by the *Maritime Transportation Security Act of 2002*), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement Teams. Grant funding can only be used in proportion to the Federal man-hour estimate, and only after funding for these activities from other Federal sources (i.e. FBI JTTF payments to State and local agencies) has been exhausted. Under no circumstances should DHS grant funding be used to pay for costs already supported by funding from another Federal source.
  2. **Intelligence Analysts:** UASI funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities, as well as support existing intelligence analysts previously covered by UASI funding. In order to be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:
    - a. Successfully complete training to ensure baseline proficiency in *intelligence analysis and production* within six months of being hired; and/or,
    - b. Previously served as an intelligence analyst for a minimum of two years either in a Federal intelligence agency, the military, or State and/or local law enforcement intelligence unit
    - c. All intelligence analyst training should be in accordance with Global Justice Information Sharing Initiative's (Global) *Minimum Criminal Intelligence Training Standards for Law Enforcement and Other Criminal Justice Agencies in the United*

*States*, which outlines the minimum categories of training needed for intelligence analysts. These include subject-matter expertise, analytic methodologies, customer-service ethics, information handling and processing skills, critical thinking skills, computer literacy, and objectivity and intellectual honesty. A certificate of completion of such training must be on file with DHSES and made available to FEMA Program Analysts upon request.

3. **Operational Overtime:** In support of efforts to enhance capabilities for detecting, deterring, and preventing acts of terrorism, operational overtime costs are allowable for increased security measures at critical infrastructure sites, **only upon prior approval provided in writing by the FEMA Administrator**. FY2010 UASI funds for organizational costs may be used to support select operational expenses associated with increased security measures at critical infrastructure sites in the following authorized categories:
  - a. Backfill and overtime expenses (as defined in this guidance) for staffing State or Major Urban Area fusion centers
  - b. Hiring of contracted security for critical infrastructure sites
  - c. Public safety overtime (as defined in this guidance)
  - d. Title 32 or State Active Duty National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package (Note: Consumable costs, such as fuel expenses, are not allowed except as part of the standard National Guard deployment package)
  - e. Increased border security activities in coordination with US Customs and Border Protection (CBP), as outlined in Information Bulletin #135

### **Equipment**

- FY2010 UASI funds may be used for equipment acquisition from the 21 equipment categories listed in the FY2010 Authorized Equipment List (AEL). The AEL is available in its entirety online through the Responder Knowledge Base (RKB) at <https://www.rkb.us/>. For more information on allowable equipment categories, please refer to Appendix C: Allowable Cost Matrix.

### **Training**

- Allowable training costs include, but are not limited to, the following: OT/Backfill costs; travel costs; hiring of FT/PT staff or contractors to support training activities. Training conducted using UASI funds should address a performance gap identified through an After Action Report/Improvement Plan (AAR/IP) or contribute to building a capability that will be evaluated through an exercise. Exercises should be used to provide the opportunity to demonstrate and validate skills learned in training, as well as to identify training gaps. Any training or training gaps should be identified in the AAR/IP and addressed in the State or Urban Area training cycle. All training and exercises conducted with UASI funds should support the development and testing of the jurisdiction's EOP or specific annexes, where applicable.

For more information on allowable training please reference Appendix C: Allowable Cost Matrix.

- **Point of Contact:** The NYS Training Point of Contact is Cliff Parker. If you have any questions about training, please contact Cliff at [training@security.state.ny.us](mailto:training@security.state.ny.us) or by phone at 518-408-1676.

### **Exercises**

- All exercises conducted using HSGP funding must be compliant with the Homeland Security Exercise and Evaluation Program (HSEEP) guidance. HSEEP requirements are summarized below.
- For a complete list of allowable costs associated with exercises, please refer to Appendix C: Allowable Cost Matrix.

### **HSEEP general information:**

- HSEEP is a capabilities and performance-based exercise program which provides a standardized policy, methodology, and terminology for exercise development, conduct, evaluation and improvement planning. HSEEP policy and guidance is contained in the HSEEP Volumes 1-4, and can be obtained on the HSEEP web site: [www.hseep.dhs.gov](http://www.hseep.dhs.gov), along with the HSEEP Exercise development toolkit.
- The HSEEP Mobile Course has been designed to provide students with an understanding of the guidance and principles of HSEEP. This course is scheduled regularly throughout the state and course offerings are listed on DHSES' Office of Counter-Terrorism (OCT) web site: [www.security.state.ny.us/training](http://www.security.state.ny.us/training).

### **A summary of major HSEEP compliance activities follows:**

#### **Exercise notification:**

- Exercise Notification Form: When an exercise is scheduled, it must be reported to DHSES on the Scheduled Exercise Notification Form. This form must be submitted to the DHSES OCT Training and Exercise Branch sixty days prior to the start of each exercise supported with HSGP funds, including any exercise supported by the county through a sub-allocation of its award. This notification form can now be submitted online via the DHSES' website: [http://www.security.state.ny.us/training/exercise\\_notification.php](http://www.security.state.ny.us/training/exercise_notification.php)
- National Exercise Schedule: HSEEP guidance requires exercises be placed on the National Exercise Schedule (NEXS). The DHSES OCT Exercise Branch will place exercise information on the National Exercise Schedule based on information contained on the exercise notification form received from jurisdictions. DHSES also maintains a state exercise schedule on the agency web site.

**Exercise development:** Exercises must be developed according to HSEEP guidance.

**Exercise evaluation and after action reporting:**

- Evaluation is the cornerstone of exercises. It documents strengths and areas for improvement in a jurisdiction's preparedness. HSEEP requires all exercises to be evaluated and jurisdictions must submit an exercise After Action Report (AAR) and Improvement Plan (IP). Evaluation takes place using pre developed Exercise Evaluation Guides which are available on the HSEEP web site. The After Action Report/ Improvement Plan summarizes exercise events and includes corrective actions for improvement. The AAR/ IP must be submitted to the DHSES OCT Training and Exercise Division sixty days after completion of the exercise. Format, templates and information regarding AAR and IP may be found in HSEEP Volume IV on the HSEEP web site: [www.HSEEP.dhs.gov](http://www.HSEEP.dhs.gov). The HSEEP Mobile course includes very thorough information on development of After Action Reports and Improvement Plans.

**Reminder:** All Urban Areas are required to develop and submit a Multi-Year Training and Exercise Plan (TEP) to the FEMA Grants and Preparedness Community of Interest (COI) on the Homeland Security Information Network (HSIN). This plan must tie into the Multi-Year Training and Exercise Plan developed by the State and must align with your Urban Area Homeland Security Strategy. Urban Areas are also encouraged to develop a Multi-Year Plan and Schedule that takes into consideration anticipated training needs of the Urban Area for at least the immediate year, with exercises being timed to provide responders the opportunity to utilize training received. Further guidance concerning Training and Exercise Plan Workshops can be found in the [HSSEP volumes](#). Urban Areas are eligible to apply for direct support, but must do so in coordination with DHSES.

**Exercise Assistance:** The DHSES Exercise Branch is available to provide exercise assistance to jurisdictions. Please contact Al DePaz at [exercises@security.state.ny.us](mailto:exercises@security.state.ny.us) or by phone at 518-457-9781 if you are interested in conducting an exercise using FY2010 HSGP funds, and/or have HSEEP or exercise related questions.

### **Personnel Cap**

In accordance with the PRICE Act, grantees may spend up to 50% of their award on allowable personnel costs.

Please note that the definition of personnel costs was greatly expanded by DHS in 2009, to include the following categories:

- Organizational Costs: Operational Overtime, Overtime to participate in information sharing activities, and salaries and personnel costs for intelligence analysts.
- Salaries and personnel costs for planners, equipment managers, exercise coordinators, and/or training coordinators.
- Salaries and personnel costs (up to 5% of award amount) for Management and Administration (M&A) of grant programs.
- Overtime/backfill to participate in approved training or exercise deliveries.
- Contractor costs associated with performing the above activities. Note: A Contractor that is procured for a set period of time to produce a defined product or deliverable (i.e. the development of a HazMat Plan, installation of equipment items, etc.) does not count towards the cap. However, if a Contractor is hired to do general support activities (i.e. Training Director), then this expense would count towards the personnel cap.

## **Management and Administrative (M&A)**

Up to 5% of the award amount may be used to support Management and Administrative costs associated with the implementation of the grant award. Examples of allowable M&A costs include:

- Hire of Full or Part Time Staff to administer grants
- Travel costs
- Meeting related expenses
- Authorized office equipment
- Leasing or renting of space for newly hired personnel during the period of performance for the grant program.

For more information on allowable M&A costs, please refer to Appendix C: Allowable Cost Matrix.

## **FY2010 Construction and Renovation Guidance**

Use of FY2010 HSGP funds for construction and renovation is generally prohibited except as outlined below. Such construction and renovation shall be strictly limited and allowable only when it is a necessary component of a security system at critical infrastructure facilities.

Project construction and renovation not exceeding \$1,000,000 is allowable, as deemed necessary. The following types of projects are considered to constitute construction and renovation, and must be submitted to FEMA for compliance review under federal environmental planning and historic preservation (EHP) laws and requirements prior to initiation of the project:

- Construction of and renovation to guard facilities which are intended to provide enhanced security at grantee-designated critical infrastructure sites
- Renovation of and modifications, including the installation of security and communications equipment, to buildings and structures that are 50 years old or older
- Any other construction or renovation efforts that change or expand the footprint of a facility or structure, including security enhancements to improve perimeter security
- Physical security enhancements, including, but not limited to:
  - Lighting
  - Fencing
  - Closed-circuit television (CCTV) systems
  - Motion Detection Systems
  - Barriers, doors, gates, and related security enhancements.

In addition, the erection of communication towers that are included in a jurisdiction's interoperable communications plan is allowed, subject to all applicable laws, regulations, and licensing provisions. Communication tower projects must be submitted to FEMA for EHP review.

## **Construction Approval Process for UASI**

In order for grantees to draw down funds for construction and renovation costs under this grant, grantees must provide through DHSES to FEMA:

- A description of the asset or facility, asset location, whether the infrastructure is publicly or privately owned, and the construction or renovation project.
- Certification that a facility vulnerability assessment has been conducted.
- An outline addressing how the construction or renovation project will address the identified vulnerabilities from the assessment.
- Consequences of not implementing the construction or renovation project.
- Any additional information requested by FEMA to ensure compliance with Federal environmental and historical preservation requirements.

For more information on FEMA's EHP requirements, grantees should refer to FEMA's Information Bulletin #329, "Environmental Planning and Historical Preservation Requirements for Grants", available online at: <http://www.fema.gov/pdf/government/grant/bulletins/info329.pdf>

### **Unallowable Costs**

Local jurisdictions may not charge for indirect costs under this grant program.

## **Appendix A:**

### **Grants and Training (G&T) Workplan Codes**

01. Establish/enhance a terrorism intelligence/early warning system, center, or task force
02. Establish/enhance a agro-terrorism preparedness capabilities
03. Establish/enhance cyber security program
04. Establish/enhance emergency operations center
05. Establish/enhance regional response teams
06. Establish/enhance sustainable homeland security training program
07. Administer and manage the FY2010 Homeland Security Grant
08. Establish/enhance sustainable Homeland Security Planning Program
09. Establish/enhance citizen awareness of emergency preparedness, prevention and response measures
10. Establish/enhance citizen / volunteer initiatives
11. Adopt and implement NIMS to include integration of core concepts into plans and procedures
12. Assess vulnerability of and/or harden/protect critical infrastructure and key assets
13. Build/enhance a pharmaceutical stockpile and/or distribution network
14. Develop/enhance interoperable communications system
15. Enhance capability to support international border and waterway security
16. Establish/enhance a public health surveillance system
17. Establish/enhance Citizen Corps Councils
18. Establish/enhance explosive ordnance disposal units/bomb squads
19. Establish/enhance public-private emergency preparedness program
20. Establish/enhance sustainable homeland security exercise program
21. Manage, update and/or implement the State Homeland Security Strategy
22. Manage, update and/or implement the Urban Area Homeland Security Strategy
23. Develop/enhance plans, procedures, and protocols
24. Develop/enhance homeland security / emergency management organization and structure
25. Enhance integration of metropolitan area public health / medical and emergency management capabilities
26. Establish/enhance mass care shelter and alternative medical facilities operations
27. Establish/enhance emergency plans and procedures to reflect the National Response Plan
28. Develop/enhance state and local geospatial data system/Geographic Information System (GIS)
29. Enhance capabilities to recover from all-hazards events
30. Enhance capabilities to respond to all-hazards events.
31. Enhance capability to perform post-incident structural damage and mitigation assessment.
32. Enhance capability to restore lifelines post incident
33. Enhance capability to support economic and community recovery
34. Establish/enhance fusion center

# Appendix B: FY2010 UASI Investment Justifications, 8 National Priorities, and 37 Target Capabilities

## I. FY2010 NYS UASI Investment Justifications

Albany-Schenectady-Troy	Buffalo	NYC
Regional Interoperability Network	Interoperable Communications and Information Sharing	Citizen Preparedness
CBRNE Planning, Detection, and Equipment	Strengthening Community Preparedness Planning	Build Out Regional Specialized Fire Response Teams (Tiered Response Matrix)
Critical Infrastructure Monitoring and Protection	CBRNE Response Capabilities	Lower and Midtown Manhattan Security Initiative
Strengthening Public Health Preparedness	Critical Infrastructure/Key Resource Protection	Increase the Region's Operational Readiness for Effective Large-Scale Responses/NIMS
	Enhancement of Public Health Threat Sector	Critical Infrastructure Protection
		Enhance Public Health Readiness
		Preparing for Public Events and Mass Gatherings: CBRNE Detection and Response
		Promote Public Safety Interoperable Communications
		Regional Catastrophe: Planning, Equipment, Training and Exercises

Rochester	Syracuse
Enhance CBRNE Detection and Response Capability	Enhancing Emergency First Response Capability
Strengthening Communications Capabilities	Interoperable Communications
Protection Critical Infrastructure and Key Resources (CI/KR)	Critical Infrastructure Protection
Strengthening Citizen Preparedness	Law Enforcement Field Intelligence Gathering
	Public Health Mass Prophylaxis
	Citizen Preparedness

## II. 8 National Priorities

1. Expanded Regional Collaboration
2. Implement the National Incident Management System (NIMS) and the National Response Plan (NRP)
3. Implement the Interim National Infrastructure Protection Plan (NIPP)
4. Strengthen Information Sharing and Collaboration Capabilities
5. Strengthen Interoperable Communications Capabilities
6. Strengthen CBRNE Detection, Response, and Decontamination Capabilities
7. Strengthen Medical Surge and Mass Prophylaxis Capabilities
8. Strengthen Planning and Citizen Preparedness Capabilities

## III. 37 Target Capabilities (Please reference "Appendix D: Target Capability Linkages" for a complete list of the Target Capabilities)

## Appendix C: Allowable Cost Matrix

**Reminder:** In 2010, grantees may spend up to 50% of their award on allowable personnel costs, in accordance with the PRICE Act.

<b>Allowable Planning Costs</b>	<b>SHSP</b>	<b>SLETPP</b>	<b>UASI</b>	<b>MMRS</b>
Developing hazard/threat specific annexes that incorporate the range of prevention, protection, response, and recovery activities	Y	Y	Y	Y

<b>Allowable Training Costs</b>				
<ul style="list-style-type: none"> <li>• <b>FEMA Provided Training.</b> FEMA funds the direct delivery of a variety of classes that States can request to meet training needs. These classes are listed in the FEMA approved course catalog listed at <a href="http://www.firstrespondertraining.gov/odp_webforms">http://www.firstrespondertraining.gov/odp_webforms</a>.</li> <li>• <b>Attending Training Not Provided by FEMA (State or Federal Sponsored Courses).</b> States, Territories, and Urban Areas are not required to request approval from FEMA for personnel to attend training not provided by FEMA (State or Federal sponsored courses) provided that the training is coordinated with and approved by the SAA or TPOC and falls within the FEMA mission scope and the jurisdiction's EOP and Strategy of preparing State and local personnel or citizens to prevent, protect against, respond to, and recover from acts of terrorism or catastrophic events. These classes are listed in the FEMA State and Federal approved course catalogs listed at <a href="http://www.firstrespondertraining.gov/odp_webforms">http://www.firstrespondertraining.gov/odp_webforms</a>.</li> <li>• <b>Funds used to develop, deliver, and evaluate training,</b> including costs related to administering the training, planning, scheduling, facilities, materials, and supplies, reproduction of materials and equipment.</li> <li>• <b>Overtime and Backfill costs</b> associated with attending or teaching FEMA-sponsored and/or approved training courses and programs are allowed. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from both their unit or agency of government and from an award for a single period of time (e.g. 1:00pm to 5:00pm), even though such work may benefit both activities. Further, overtime costs associated with employees who participate in training in a teaching role for which they are compensated are not allowed. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA) Workers' Compensation and Unemployment Compensation.</li> <li>• <b>Travel Costs</b> (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.</li> <li>• <b>Hiring of Full or Part-Time Staff or Contractors/Consultants</b> to support training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have approval of the State. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 50% of your total UASI grant award. In no case is dual compensation allowable (see above).</li> <li>• <b>Certification/Recertification of instructors</b> is an allowable cost. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers.</li> </ul>				
	<b>SHSP</b>	<b>SLETPP</b>	<b>UASI</b>	<b>MMRS</b>
Overtime & backfill for emergency preparedness & response personnel attending FEMA-sponsored & approved training classes	Y	Y	Y	Y
Overtime & backfill expenses for part-time & volunteer emergency response personnel participating in FEMA training	Y	Y	Y	Y

### Allowable Exercise Related Costs

- **Funds Used to Design, Develop, Conduct, and Evaluate an Exercise:** Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation
- **Hiring of Full or Part-Time Staff or Contractors/Consultants:** Full or part-time staff may be hired to support exercise-related activities. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 50% of your total UASI award. Your formal written procurement policy or the Federal Acquisition Regulations (FAR)—whichever is more stringent—must be followed. In no case is dual compensation allowed.
- **Overtime and Backfill:** Overtime and backfill costs associated with the design, development, and conduction of exercises are allowable expenses. These costs are allowed only to the extent that the payment for such services is in accordance with the policies of the local unit of government and has the approval of the State. In no case is dual compensation allowable. Fringe benefits on overtime are limited to FICA, Workers' Compensation and Unemployment Compensation.
- **Travel:** Travel costs are allowable for employees who are on travel status for official business related to the planning and conduct of exercises.
- **Supplies:** Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, and tape).
- **Other Items:** These costs include the rental of space/locations for exercises planning and conduct, rental of equipment (e.g., portable toilets, tents), food, refreshments, gasoline, exercise signs, badges, etc.

### Unauthorized exercise related costs include:

- Reimbursement for the maintenance and/or wear and tear of costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances).
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).

## Appendix D: Target Capability Linkages to HSGP Funding Streams

	SHSP	SLETPP	UASI	MMRS
<b>Common Target Capabilities</b>				
Planning	Y	Y	Y	Y
Community Preparedness and Participation	Y	Y	Y	Y
Communications	Y	Y	Y	Y
Risk Management	Y	Y	Y	
Intelligence and Information Sharing & Dissemination	Y	Y	Y	Y
<b>PREVENT Mission Area Target Capabilities</b>				
Info Gathering & Recognition of Indicators & Warnings	Y	Y	Y	Y
Counter-Terror Investigation and Law Enforcement	Y	Y	Y	
Intelligence Analysis & Production	Y	Y	Y	
CBRNE Detection	Y	Y	Y	Y
<b>PROTECT Mission Area Target Capabilities</b>				
Critical Infrastructure Protection	Y	Y	Y	
Epidemiological Surveillance & Investigation	Y		Y	Y
Laboratory Testing	Y		Y	Y
Food & Agriculture Safety & Defense	Y		Y	
<b>RESPOND Mission Area Target Capabilities</b>				
Onsite Incident Management	Y	Y	Y	
Citizen Evacuation and Shelter-In-Place	Y		Y	Y
Emergency Operations Center Management	Y		Y	
Isolation & Quarantine	Y		Y	Y
Critical Resource Logistics & Distribution	Y		Y	Y
Volunteer Management & Donations	Y		Y	
Emergency Public Information & Warning	Y		Y	Y
Responder Safety & Health	Y		Y	Y
Emergency Triage & Pre-Hospital Treatment	Y		Y	Y
Emergency Public Safety & Security Response	Y	Y	Y	Y
Medical Surge	Y		Y	Y
Animal Disease Emergency Support	Y		Y	
Medical Supplies Management & Distribution	Y		Y	Y
Environmental Health	Y		Y	Y
Mass Prophylaxis	Y		Y	Y
Explosive Device Response Operations	Y	Y	Y	
Fire Incident Response Support	Y		Y	Y
Mass Care (Sheltering, Feeding, Related Services)	Y		Y	Y
Search and Rescue (Land-Based)	Y	Y	Y	Y
Fatality Management	Y		Y	Y
WMD/Hazardous Materials Response & Decontamination	Y		Y	Y
<b>RECOVER Mission Area Target Capabilities</b>				
Structural Damage Assessment	Y		Y	
Economic & Community Recovery	Y		Y	
Restoration of Lifelines	Y		Y
