Access and Functional Needs, Aging, Disabilities

Access to Home program

provides financial assistance to property owners to make dwelling units accessible for low- and moderate income persons with disabilities. Providing assistance with the cost of adapting homes to meet the needs of those with disabilities will enable individuals to safely and comfortably continue to live in their residences and avoid institutional care. Project selection shall take into consideration the recommendation of the relevant regional economic development council or the Commissioner's determination that the proposed project aligns with the regional strategic priorities of the respective region.

- <http://www.nyshcr.org/Programs/accesstohome/>

Accessible taxi dispatch program

- Available 24/7; 365 days a year. No reservations necessary but readily accepted.
- Wheelchair-accessible taxis respond to trips originating in Manhattan and ending anywhere in New York City's five boroughs.
- There are no extra costs to passengers. Passengers pay the regular metered taxi fare in New York City from the point of pick-up to their destination.
- Accessible vehicles in the NYC fleet include both rear and side-entry minivans and side-entry MV-1 mobility vehicles.
- All drivers who operate wheelchair-accessible taxicabs have been trained in wheelchair assistance, boarding and de-boarding protocols, disability awareness and passenger sensitivity.

Five ways to request a wheelchair-accessible taxi:

1. Call 311
2. Call the dispatch center directly: (646) 599-9999
3. Text a request to: (646) 400-0789
4. Use free customized mobile app: WOW Taxi (Wheels on Wheels)
5. Order online at: www.accessibledispatch.com

AmeriCares

Partnering with various organizations to provide medical equipment and supplies to those with functional medical needs/disabilities. Those seeking items can participate in this program by making contact with either their local Independent Living Center (locations listed at www.access.nysed.gov/vr/lsn/ilc/locations.htm). Opens at 9:30 am.

ANIBIC

For over 50 years, The Association for Neurologically Impaired Brain Injured Children, ANIBIC, has been providing services to people with special needs. ANIBIC is dedicated to enabling individuals to reach their potential so that they may live as productively as possible. We encourage integration and inclusion in the community and are committed to a person-centered process as we work to serve consumers and their families.

NY Hurricane Sandy Disaster Resources

We offer a broad range of services for children as young as five and throughout adulthood. We understand that people with special needs are people first and that their individual challenges are just part of what makes them special.

For more information, email or call Peter Coleman: Pcoleman@anibic.org, 347-594-2147.

Commission for Quality of Care and Advocacy for Persons with Disabilities

The Information & Referral Line can provide information and technical assistance and direct you to a provider in your geographic area that may be able to provide further assistance. These community resources may have specific local information, such as lists of accessible housing or locations of specific medical services providers.

- Call: 1-800-624-4143 / Hearing Impaired: NYS Relay 711

Disabled American Veterans

DAV Disaster relief grants may be issued for the purpose of providing food, clothing, temporary shelter or to obtain relief from injury, illness or personal loss not covered by insurance or other disaster relief agencies. The Gulf Coast hurricanes, the Midwestern floods, tornadoes and fires are just some of the natural disasters that have recently impacted veterans and their families.

To be eligible for a disaster relief grant, the applicant must:

- be the victim of a natural/national disaster.
- be a service-connected disabled veteran or the spouse thereof (same household).
- not be covered by insurance.
- not be covered by other emergency relief agencies.

DOROT

Named with the Hebrew word for “generations,” DOROT is a dynamic partnership of professionals and volunteers dedicated to enhancing the lives of homebound and homeless elders and fostering friendship and respect between the generations. Since 1976, DOROT has provided food, companionship, education, and cultural enrichment to thousands of elderly New Yorkers and those who care for them. Located on New York’s Upper West Side, DOROT is a non-sectarian, culturally Jewish agency open to all seniors, caregivers, and volunteers.

Homelessness Prevention Program and Aftercare

For seniors who are homeless or facing homelessness, DOROT’s *Homelessness Prevention Program (HPP)*, a transitional residence in Manhattan, offers safe, temporary housing; meals; counseling; and assistance in finding a permanent home. Volunteers contribute to the social atmosphere by serving meals and interacting with the residents. DOROT’s *Aftercare* program provides clients with ongoing services after they move into permanent housing.

This program is available to seniors 60 or older who are homeless or facing homelessness. An interview with a DOROT social worker is required.

NY Hurricane Sandy Disaster Resources

For further information or to refer a homeless senior, call the *Homelessness Prevention Program* at (212) 580-0001.

Encore Community Services

The shortage of affordable housing in New York City is a critical issue, particularly for low-income seniors. Encore has taken a proactive role to develop housing, both for homeless elderly with special needs and low-income seniors. These housing facilities are aimed at providing safe and decent housing for seniors, and contribute to the revitalization and stability of the Times Square and Clinton communities in midtown Manhattan.

NYC Department for the Aging

DFTA's mission is to work for the empowerment, independence, dignity and quality of life of NYC's diverse older adults and for the support of their families through advocacy, education, and the coordination and delivery of services. Goals: To foster independence and individual choices, confront ageism and promote opportunities for older people to share their leadership, knowledge and skills. To inform and educate the general public about aging issues, including services, supports and opportunities for older New Yorkers and their families. To be a catalyst for increased resources to enhance and expand programs and services for older New Yorkers. To enhance and expand effective, productive partnerships with consumers, advocates, private and public organizations.

Senior Citizen Homeowner Assistance Program (SCHAP)

The Parodneck Foundation's Senior Citizen Homeowner Assistance Program (SCHAP) provides financial assistance to senior citizen homeowners who are living in physically deteriorated housing or who are in danger of losing their homes to foreclosure. The program, which has been in operation since 1986, provides no- and low-interest loans and extensive technical assistance to qualified seniors. This support enables seniors to retain their homes and improve their living conditions, thereby helping them avoid financial insolvency, displacement, and/or loss of independence. To date, the SCHAP program is the only affordable financial and home improvement program in New York City targeted exclusively to low income senior homeowners. Since 1986, SCHAP has assisted over 1,000 homeowners.

To be eligible, a senior must reside in any of the five boroughs in the City of New York, be at least 60 years old, and have been an owner-occupant of a one- to four-family home for at least two years. Homes must have property and liability Insurance. Seniors household incomes, including rental income, cannot exceed the income area median income.

Animals

Animal Care and Control of New York

Animal Care & Control of New York City (AC&C) is the largest pet organization in the North East, with an estimated number of 44,000 animals rescued each year. As a not-for-profit organization since 1995, Animal Care & Control has been responsible for New York City's municipal shelter system, rescuing, caring for, and finding loving homes for homeless and abandoned animals in New York City. AC&C facilities operate in all five boroughs.

ASPCA

Low-income pet owners in need of emergency veterinary care or other resources can contact cia@aspca.org or call 212-876-7700 ext 4490. More information is available at aspca.org/nyc.

Founded in 1866, the ASPCA® (The American Society for the Prevention of Cruelty to Animals®) was the first humane organization established in the Americas, and today has more than one million supporters throughout North America. A 501(c)(3) not-for-profit corporation, the ASPCA's mission is to provide effective means for the prevention of cruelty to animals throughout the United States. As the first humane organization to be granted legal authority to investigate and make arrests for crimes against animals, we are wholly dedicated to fulfilling the ASPCA mission through nonviolent approaches. Our organization provides local and national leadership in three key areas: caring for pets parents and pets, providing positive outcomes for at-risk animals and serving victims of cruelty.

Bideawee

Bideawee is a 106-year-old humane agency that saves thousands of homeless cats, kittens, dogs, and puppies every year. Since 1903, Bideawee has provided housing, food, and medical and behavioral care to help formerly abandoned, abused, and neglected pets find and keep new homes and families. Our services for pets support them through every stage of their lives, from fostering and adoption at our New York City and Westhampton (Long Island) locations to our Pet Memorial Parks at our Westhampton and Wantagh (Long Island) sites. Bideawee's veterinary practices in Westhampton and New York City care for both resident pets and the pets of private clients. In addition, we offer services that foster greater appreciation and respect for the value of companion animals at all three locations, such as pet therapy and our Reading to Dogs program that helps children overcome literacy challenges.

Humane Society of the United States

The Humane Society of the United States (HSUS) promotes the safety and well-being of all animals that are or may be adversely affected during a disaster. Respond to the needs of those who provide emergency and supportive care to animals during all phases of a disaster. Promote the inclusion of the animal component in all federal, state and local government disaster plans, and those developed by the general public, by engaging in an ongoing process of proactive education and mutual awareness of the needs of animals in disasters. Encourage cooperation with other animal protection organizations, veterinary associations, disaster relief agencies, and government officials.

Emergency mold suppression

Mold can worsen asthma and trigger allergies and is a health risk for people with weakened immune systems. However, it can be removed safely by following some guidelines.

What You Should Know

- Remove mold as soon as possible. It grows on wet sheetrock, ceiling tiles, paint, wallpaper, carpeting, wood, clothing, furniture and other materials.
- Although there are many types of mold, the process to remove it is the same for all.
- When removing mold or dust from your home, it is very important that you wear an N95 dust mask, for sale at supply, home improvement and hardware stores.

NY Hurricane Sandy Disaster Resources

What You Should Do

- Inspect your home thoroughly for mold.
- Protect yourself by wearing the right gear, including an N95 dust mask when disturbing mold or dust. (<http://www.nyc.gov/html/doh/em/downloads/pdf/sandy/res-health.pdf>)
 - En Español – <http://www.nyc.gov/html/doh/em/downloads/pdf/sandy/res-health-sp.pdf>
 - Русский – <http://www.nyc.gov/html/doh/em/downloads/pdf/sandy/res-health-ru.pdf>
- Isolate wet, moldy areas, and repair work from living areas with plastic sheeting or other barriers.
- Remove any standing water and ventilate the work area.
- Remove wet, moldy materials.
- Reduce dust by wetting down dried surfaces and material before removing and disposing.
- Scrub off mold from metal, glass, solid wood, concrete and other hard surfaces with soapy water.
- Dry out your home completely before replacing walls and flooring . Use dehumidifiers and heating to remove moisture. Open windows and use fans to help dry and ventilate spaces.
- Consider hiring a contractor for help if mold growth and damage is extensive. See Tips for Hiring a Contractor: <http://www.nyc.gov/html/doh/em/html/repairs/hiring-a-contractor.shtml>.

Note: Asbestos may be found in insulation materials around old pipes and boilers. If you are not sure if the damaged insulation or other building materials contain asbestos, do not remove it yourself. Contact a licensed asbestos contractor.

- Detailed Tips on Removing Mold: <http://www.nyc.gov/html/doh/em/html/repairs/mold-inst.shtml>

Resources

- Mold treatment services are available at no cost to eligible homeowners, coordinated by Neighborhood Revitalization NYC (a project of Local Initiatives Support Corporation), which is working with skilled contractors and nonprofit organizations in affected neighborhoods. This program is supported by the Mayor's Fund to Advance New York City, the American Red Cross, and the Robin Hood Foundation: http://www.lisc.org/nyc/programs/superstorm_sandy_relief/index.php
- Mold Awareness and Safe Practices Trainings are being provided at no cost in affected neighborhoods, by experts from Hunter College/UMDNJ. Free mold clean-up supply kits are also distributed at these trainings. This program is supported by the Mayor's Fund to Advance New York City: <http://www.nyc.gov/html/cau/html/sandy/mold.shtml>
- For reimbursement of additional repairs:
 - If you are applying for disaster assistance or filing an insurance claim, take photos of all damage before cleaning up. Keep receipts of all repairs.
 - Contact your insurance agent about filing a claim.

Financial Assistance & Help for Homeowners

Financial and insurance resources

See <http://www.nyc.gov/html/recovery/html/resources/financial-recovery.shtml>.

Various financial resources designed to help businesses and homeowners recover from the devastating effects of Hurricane Sandy.

General Information

Appealing your property value

If you received a Revised Notice of Property Value due to Sandy and you believe your property value on the notice is too high, you can file an appeal with the New York City Tax Commission. To learn more, contact 311 or visit the Tax Commission's website:

- <http://www.nyc.gov/html/taxcomm/html/home/home.shtml>.

City property tax relief

On May 29, 2013, the NYC Department of Finance mailed revised Market Values for more than 88,000 properties affected by Hurricane Sandy. The new values for affected properties can be viewed on the Notice of Property Value page

- http://www.nyc.gov/html/dof/html/property/property_nopv.shtml

or by entering an affected property's borough, block, and lot here:

- <http://www.nyc.gov/html/dof/html/jump/nycproperty.shtml>

Housing counseling and legal services

As homeowners affected by Hurricane Sandy continue the recovery process, many are still struggling to make their mortgage payments and repair their homes due to the damage inflicted by Sandy. The Center for New York City Neighborhoods can connect homeowners to a city-wide network of free

NY Hurricane Sandy Disaster Resources

housing counseling and legal services to provide advice or assistance with mortgages, repair costs, insurance issues, and contractor fraud in order to preserve ownership. Call 646-786-0888 or dial 311 and ask for CNYCN.

- <http://cnycn.org/>

Insurance

Understanding your insurance options is essential to making sure you receive the maximum amount of support for rebuilding and getting back to normal

Private insurance

[New York State Department of Financial Services](#) has information on private insurance options, how to file a complaint or report fraud and more

Flood insurance

[FloodSmart.gov](#) contains information on coverage for your home or business through the National Flood Insurance Program

Mortgage Assistance Program (MAP)

MAP is a fund administered by Sustainable Neighborhoods, an affiliate of the Center for New York City Neighborhoods, and funded by the city. It provides up to \$25,000 in 0% interest loans to eligible NYC homeowners who have fallen behind on their mortgages. Visit www.cnycn.org/map for more information. Homeowners need to apply through a qualified housing counselor or legal service provider. Please call 311 or 646-786-0888 to find a free service provider who will apply on your behalf at no cost.

Beware of contractor and mortgage modification scams

NYC Housing Preservation & Development (HPD) and NYC Department of Consumer Affairs (NYCDCA) urge consumers to be wary of scam artists who prey on the vulnerable, posing as contractors or foreclosure “rescue” specialists to scam unsuspecting homeowners out of money or even their homes.

NYC Rapid Repairs Program

Between November 2012 and March 2013, Rapid Repairs restored heat, power and hot water in more than 11,700 homes representing over 20,000 residential units affected by Hurricane Sandy.

Have you received a Notice of Violation (NOV) or Notice of Deficiency (NOD) from the NYC Department of Buildings (DOB)?

If the violation or deficiency was issued to the electrician or plumber, it is their responsibility to fix the deficiency. If the violation or deficiency was issued to the homeowner, it is the homeowner's responsibility to resolve it. If you have questions about your violation or deficiency, contact the NYC Department of Buildings (DOB) by calling 311.

If the equipment installed by Rapid Repairs is no longer working.

Rapid Repairs provided free emergency heat, hot water, and electricity so that homeowners could shelter in place while making more permanent repairs to their homes. When Rapid Repairs completed work on your home, an independent quality inspector verified that the

NY Hurricane Sandy Disaster Resources

installed equipment was working properly. All maintenance and repairs are now the responsibility of the homeowner.

Please call 311 with any other questions regarding Rapid Repairs.

AAFE Community Development Fund

AAFE CDF is a richly experienced organization in the field of homeownership outreach, education, and counseling. AAFE CDF is dedicated to promoting and advancing homeownership for minority, immigrant, low- and moderate- income, and underserved populations of New York City. Since its inception in 1999, AAFE CDF has secured over \$295 million in mortgage financing for over 1,950 clients, while providing counseling to some 8,000 prospective homeowners.

Programs: Rehabilitation loans (to help homebuyers repair the homes), Conversion Loans (to pay for the costs of making single-family homes into two- or three-family homes), Emergency Repair Loans (to cover the costs of emergency repairs on owner-occupied homes, especially for seniors, the disabled, and families living with the disabled).

EmPower New York

No-cost energy efficiency services for income-qualified households impacted by Hurricane Sandy

EmPower New York (EmPower) provides energy efficiency services at no cost to income-eligible households. The program is administered by the New York State Energy Research and Development Authority (NYSERDA), with implementation support from Honeywell International. EmPower provides measures to reduce energy use, such as:

- Insulation
- Heating system upgrades
- High efficiency lighting
- Replacement of inefficient refrigerators and freezers with new high-efficiency models
- Strategic air sealing

Services are provided through a network of participating contractors. There no charge for these services. You may receive services even if you have not been affected by the storm.

You may be eligible if the following is true:

- Your household income is at or below 60% of State median (i.e., if you are eligible for Home Energy Assistance Program [HEAP] benefits. See income eligibility, below)
- You are an electricity or natural gas customer of Central Hudson, Con Edison, National Grid, NYSEG of Orange and Rockland, or heat by oil or propane
- You reside in a building with 100 units or less
- You are responsible for payment of utility bills
- If your home has been damaged by Hurricane Sandy you may still qualify for services through EmPower even if you have been previously served

Please apply as soon as possible by calling 800-263-0960 and requesting a Storm Relief EmPower NY application.

Working with FEMA, insurance, and other funding

EmPower cannot provide funding for repairs paid for by FEMA, insurance or other programs. However, in situations where FEMA, insurance and other program reimbursement does not cover the full cost of repair or the additional cost for high efficiency equipment, EmPower can pay the additional cost when it is provided by a participating EmPower contractor.

Empower participating contractors, and vendors

EmPower participating contractors are accredited by the Building Performance Institute, the nation's premier developer of technical standards for residential energy efficiency work. EmPower cannot reimburse for measures previously installed, or installed by contractors who have not been approved by the program. Appliances provided through EmPower are new high efficiency ENERGY STAR® models. They are limited to program-approved models, and may only be provided through program-approved vendors.

NY Hurricane Sandy Disaster Resources

If you would like to confirm the identity of a contractor and verify that they are working through EmPower New York Program, please call 800-263-0960.

Health and safety concerns

The storm has caused moisture and mold conditions in many dwellings. In some instances, where these problems persist, EmPower may deny or delay some of the program measures. This is done to ensure that the health of your household is not compromised. The contractor assigned to your dwelling will assess these concerns.

Income eligibility guidelines

The current income guidelines for EmPower are set 60% of the State Median Income, and are consistent with Home Energy Assistance Program (HEAP) Guidelines for 2012 – 2013:

Household Size	Monthly	Annual
1	\$2,138	\$25,646
2	\$2,796	\$33,552
3	\$3,453	\$41,436
4	\$4,111	\$49,332
5	\$4,769	\$57,228
6	\$5,427	\$65,124
7	\$5,550	\$66,600
8	\$5,673	\$68,076
9	\$5,797	\$69,564
10	\$5,920	\$71,040
11	\$6,136	\$73,632
11+	+\$495	

Federal Home Loan Bank of New York

\$1 billion in Disaster Relief Funding available to 340 community based lenders to help rebuild in the states of New York and New Jersey. The funding is available to be used as immediate “gap funding”. The \$1 Billion CLP commitment can be used for any residential lending activity for households whose incomes are at or below 115% of the area median income. The funds can be used for Public/Private infrastructure projects, such as roads, utilities, and sewers.

Governor Cuomo’s Disaster Homeownership Repair and Rebuilding Fund

This is a grant and does not require repayment. The grant can provide up to an additional \$10,000 for Survivors who have already qualified for FEMA Housing Assistance and received the Max Grant of \$31,900, and the FEMA award did not cover the full cost of making essential repairs. This funding cannot duplicate assistance received from other governmental agencies or insurance. Residents will be automatically referred to this program.

Home Affordable Modification Program

Homeowners struggling to stay in their homes may be eligible to apply for the Home Affordable Modification Program (HAMP) in order to lower their monthly mortgage payments and make them more affordable. Homeowners should contact their mortgage servicer as soon as possible to begin the HAMP evaluation process. In order to help with the housing crunch, homeowner eligibility has been widened to include:

- Homeowners who are applying for a modification on a home that is not their primary residence, but the property is currently rented or the homeowner intends to rent it.
- Homeowners who previously did not qualify for HAMP because their debt-to-income ratio was 31 percent or lower.
- Homeowners who previously received a HAMP trial period plan, but defaulted in their trial payments.
- Homeowners who previously received a HAMP permanent modification, but defaulted in their payments, therefore losing good standing.
- www.makinghomeaffordable.gov/programs/lower-payments/Pages/hamp.aspx

Home Energy Assistance Program (HEAP)

HEAP is a federally funded program that assists eligible households with grants to pay their energy heating costs. The program consists of two major components; regular and emergency benefits. If households receive a HEAP benefit, the benefit does not have to be paid back. Emergency benefits are offered in addition to the regular HEAP benefits.

HRA/DSS administers the program in New York City. HEAP grants are \$40 to \$440 a year.

Margert provides a neighborhood office location for HRA/HEAP in Far Rockaway, Queens. Applications are taken from 9:00 AM - 1:00 PM and 2:00 PM - 4:00 PM. Please contact 718-471-3702 for further information.

If you have already applied for HEAP and want to check the status of your application, please call 800-692-0557.

Hope Coalition America

HOPE Coalition America is the only financial emergency preparedness and recovery service in the country. Through partnerships with industry leaders in a wide range of industries spanning banking, financial services, insurance, social and community services, we provide financial and economic assistance to those affected by natural disasters.

On April 27th, we renewed our partnership with FEMA to strengthen and expand the financial counseling resources available to help individuals and families prepare for disasters and recover in the shortest possible time. Services are available across the country and work to help people recover from disaster and BE PREPARED when disaster strikes.

When a natural disaster occurs, organizations such as FEMA and the American Red Cross go to work immediately to address health, safety, and infrastructure problems. But financial issues affect far more people after a disaster than property damage or personal injury, which is where traditional national networks fall short.

NY Hurricane Sandy Disaster Resources

Our counselors include full-time employees and volunteers from the banking, financial services and insurance industries. Through the HOPE Crisis Hotline and our on-site counseling centers, they help clients recover financially from natural disasters, foreclosures, and other emergencies.

We also provide pre-disaster preparedness planning. Download our free Emergency Financial First Aid Kit (EFFAK) or Personal Disaster Preparedness Guide (PDPG) now—and find out how prepared you are.

Services we offer include:

- Pre-disaster preparedness seminars.
- Emergency budget counseling.
- Emergency credit management.
- Assistance with deferring mortgage payments.
- Assistance communicating with your creditors.
- Referrals to government and private agencies.
- Assistance with obtaining copies of destroyed financial documents.
- Insurance claims assistance.

Local Initiatives Support Corporation (LISC)

Multifamily Loan Program

The Build It Back Multifamily Loan Program provides forgivable loans or grants for repairs and resiliency improvements to buildings with five or more units. Eligible properties include rental buildings, condominiums, and co-operatives that sustained damage due to Hurricane Sandy. The program will offer 'evaporating' loans with zero payments and zero interest to cover the cost of improvements that will repair damage from the storm and improve the resilience of residential buildings to future storms. Loans will evaporate at the end of five to fifteen-year terms and no repayment will be required unless the property is sold or refinanced during the loan term. Assistance will be provided in the form of a grant to owners of individual condominium and co-operative units located in buildings with five or more units. LISC NYC is administering \$15 million in Multifamily Loan Program funds in partnership with the NYC Department of Housing Preservation & Development (HPD).

NY Hurricane Sandy Disaster Resources

Home Repair Program

Neighborhood Revitalization NYC (NRNYC), an affiliate of the Local Initiatives Support Corporation (LISC), will assist single family homeowners impacted by Hurricane Sandy at no cost to the homeowner. This new initiative is paid for with private funds from the Mayor's Fund to Advance New York City, the American Red Cross, and the Robin Hood Foundation and developed in partnership with the City of New York. The program will provide a range of non-structural and structural repairs to between 400 and 600 1-4 unit homes in New York City. Participants in this program will be low-income homeowners not currently registered or eligible for the New York City Build it Back program. Homeowners interested in being candidates for this program can call NRNYC at 212-455-9309 for more information.

Margert Community Corporation

The MCC Rockaway Robin Hood Recovery Fund is an emergency fund administered by Margert Community Corporation, and funded by the Robin Hood Foundation. The fund was created to provide immediate financial assistance to homeowners affected by Hurricane Sandy.

Modest Needs

Modest Needs offers grants to low-income but generally self-sufficient households, displaced workers struggling to return to the workforce, permanently disadvantaged persons struggling to afford medical care, and small non-profit organizations. Our grants are designed:

- To prevent otherwise financially self-sufficient individuals and families from entering the cycle of poverty, when this might be avoided with a small amount of well-timed financial assistance;
- To restore the financial self-sufficiency of individuals who are willing to work but are temporarily unemployed by providing these persons with the means to return to work;
- To empower permanently disadvantaged individuals who otherwise live within their limited means to continue to live independently, despite a temporary, unexpected financial set-back related to their medical conditions; and
- To strengthen small non-profit organizations by providing a forum whereby such organizations can apply directly to the general public for the help they need to complete the relatively inexpensive projects that will allow them to better serve their clients and communities.

At Modest Needs, we all know from experience how hard it is to ask for help, even when you really need it. We're happy that you've found us, and we'll do everything we can to find a way to help you. If you're brand new to Modest Needs and would like to apply for a grant, just follow the three simple steps:

Step 1: Learn about our grant types and eligibility guidelines

Health and Crisis Counseling

Dental Lifeline Network

(formerly the National Foundation of Dentistry for the Handicapped) is a national humanitarian organization providing access to comprehensive dental services for people with disabilities or who are elderly or medically at-risk. Dental Lifeline Network provides these services through a national network of direct service programs that involve 15,000 volunteer dentists and 3,200 volunteer labs.

Medicaid covers dental. However, MEDICARE does not. Dental Lifeline offers donated services to cover this gap when appropriate. These are dentists that donate their services to (1) permanently disabled, (2) medically at risk, (3) 65 yrs or older.

Visiting Nurse Service of New York (VNSNY)

Post-Disaster Distress Program

The Visiting Nurse Service of New York is excited to offer a free program funded by the American Red Cross to treat post-disaster distress symptoms for survivors of Superstorm Sandy. Individuals who experience a disaster often feel intense emotions that can last long after the danger has passed. Some common post disaster reactions include fear, anxiety, anger, sadness, and guilt or shame. We will provide high quality, client-centered, strength and evidenced based care through one on one (12 weeks) and group sessions, as well as psycho-education and public education presentations.

Our staff are trained in Cognitive Behavior Therapy-Post Disaster Distress (CBT-PD) by the developer of the treatment, Dr. Jessica Hamblen (National Center for PTSD). This model was used after 9/11, Hurricane Katrina, Hurricane Ike and the hurricanes in Florida. The model will be used in both one on one, group and single psycho education sessions with evaluation forms to assess the effectiveness of the model. Our Social Work Assistants will also provide case management services to those who need resources in tandem with or more than our services provide.

The goal of our program is for our clients to see an improvement in their quality of life, increase their sense of peace, hope, and tap into their own resiliency and strengths. To do this we will help them identify the ways in which they think and feel that causes emotional pain and help them adapt new ways to thinking to draw in more positive emotions.

Housing

American Red Cross Move In-Assistance Program

The Red Cross will provide financial assistance to clients moving from transitional to long-term accommodations. They will fund expenses such as first month's rent, security deposits, broker's fees, and moving costs. Undocumented people are eligible!

Goal: The objective of the Red Cross Sandy recovery program for move-in assistance is to assist clients in moving from temporary housing situations to a sustainable housing solution. The program goal is to support clients in reestablishing a sustainable living environment without duplication of benefits.

Eligibility Criteria:

NY Hurricane Sandy Disaster Resources

Client's primary home has been destroyed (made uninhabitable) as a result of Superstorm Sandy;
AND

ONE OF THE FOLLOWING THREE APPLIES:

1. Client was living in TSA-funded hotel as of 12/17/12; or
2. Client has a Max Grant from FEMA; or
3. Client is ineligible for FEMA assistance.

AND ALL OF THE FOLLOWING APPLY:

- Client has a demonstrated financial need which is preventing them from moving from establishing a long-term, sustainable living situation.
- Client has not received other funds (governmental or non-governmental) that meet the same financial need.
- Red Cross move-in assistance, when combined with all other resources, will allow client to move into long-term housing which is financially sustainable by the client.

Assistance to families and individuals may include:

- Eligible clients may receive up to \$10,000 for the following expenses:
- Home Repairs: To make owner-occupied primary residence habitable
- Rent: First/last month's rent
- Security Deposit: Up to two months
- Utility Deposits: May be paid to establish services at a new residence
- Other Housing Related Expenses: Reasonable housing application fees, storage, moving costs, brokerage fees and certificate of occupancy related items
- Transportation
- Temporary Housing: Up to 30 days
- Furniture and Appliances: As a necessity for the client moving into/back into sustainable housing

The Red Cross provides assistance based on documented disaster caused needs. It is important to remember that the Red Cross does not have the scale of resources of government. We are using the donations entrusted to us to the greatest extent possible to meet remaining needs and help ensure that people do not fall through the cracks.

Common Ground

Our mission is to strengthen individuals, families, and communities by developing and sustaining exceptional supportive and affordable housing as well as programs for homeless and other vulnerable New Yorkers.

Common Ground prioritizes individuals who historically were perceived as unreachable and “unhouseable”: those who have lived on the streets for years, who have the most debilitating mental and physical health conditions, and/or who have suffered significant adversity (childhood abuse or neglect, long-term foster care placement, traumatic military combat) that contributed to their homelessness. Despite being the primary consumers of substantial public resources, these special needs groups have been consistently marginalized or ignored by conventional outreach, shelter, and housing systems.

Partnership for the Homeless

We've placed a special focus on populations for whom homelessness is on the rise or assistance is underrepresented, developing models of practice that address each of their unique needs.

- **Families and Children** – now comprising the largest segment of New York City's homeless population.
- **Older Adults** – one of the fastest growing and most marginalized homeless constituencies in New York City.
- **Chronically Ill** – especially homeless individuals coping with or at-risk of HIV/AIDS who are often disconnected from health care.

Rebuilding and repairing resources

See <http://www.nyc.gov/html/recovery/html/resources/rebuilding-guidelines.shtml>.

Homeowners have a lot to consider when deciding to repair or rebuild a home damaged by Hurricane Sandy. In the aftermath of Hurricane Sandy, the NYC Department of Buildings inspected approximately 80,000 buildings damaged by the storm.

To help individuals whose homes were damaged by the storm, this site contains a series of links to guides and handouts created by the Department of Buildings, Department of Health and Mental Hygiene, Department of Consumer Affairs, American Institute of Architects and FEMA.

ROCKFUND

Were you impacted by Hurricane Sandy? You may qualify for help from the MCC Rockaway American Red Cross Recovery Fund (ROCKFUND), an emergency fund administered by Margert Community Corporation and funded by the American Red Cross. The fund was created to provide immediate financial assistance to homeowners affected by Hurricane Sandy. The Fund provides eligible homeowners with up to \$4,000 in assistance in the form of a grant. If you are a Far Rockaway homeowner with property damage to your primary residence from Hurricane Sandy, you may be eligible for assistance from the Fund. Homeowners of 1-4 family properties are eligible. Priority will go to applicants in Evacuation Zones A&B.

The fund can be used for some expenses not covered or only partially covered by your insurance company or FEMA. Possible uses include:

- Emergency or preventative repairs, including:
 - Heating systems
 - Electrical panels
 - Health & safety
 - Weatherization measures
 - Sealing of building envelope
- Mold remediation
- Other repairs as part of a larger rebuilding project
- Gap financing to help homeowners qualify for other repair programs
- Development of scope of work for repairs or contractor estimates

In **no circumstance**, will MCC provide funds for the following uses:

- Personal property replacement (furniture, appliances)
- Work related losses or loss of income
- General living expenses, such as food, medical, or dental needs
- Repairs or rebuilding for pre-existing conditions or damages not related to Hurricane Sandy

Call 718-471-3724 to be connected with a certified housing counselor who will work with you to complete your application and resolve other housing issues.

Housing (HUD programs)

FHA Mortgage Insurance/Financing

Program Snapshot:

HUD's Office of Housing is divided into four business areas:

- **Single Family Housing**
HUD's Single Family programs include mortgage insurance on loans to purchase new or

NY Hurricane Sandy Disaster Resources

existing homes, condominiums, manufactured housing, houses needing rehabilitation, and for reverse equity mortgages to elderly homeowners.

- **Multifamily Housing**

HUD's Multifamily programs provide mortgage insurance to HUD-approved lenders to facilitate the construction, substantial rehabilitation, purchase and refinancing of multifamily housing projects.

- **Healthcare Programs**

HUD's Healthcare programs provide mortgage insurance on loans that finance the construction, renovation, acquisition, or refinancing of healthcare facilities such as hospitals and residential care facilities.

- **Regulatory Programs**

HUD's Regulatory programs are designed to assist homeowners, homebuyers, and regulate real estate transactions.

The first three areas listed above provide mortgage insurance for a broad range of properties, on loans made by FHA-approved lenders throughout the United States and its territories. FHA insures mortgages on single family and multifamily homes including manufactured homes and hospitals. It is the largest insurer of mortgages in the world, insuring over 34 million properties since its inception in 1934.

Special Needs/Supportive Housing

Program Snapshot:

HUD's Special Needs/Supportive Housing programs offer direct financing for the construction and rehabilitation of properties designed to house special-needs populations such as residents with disabilities or elderly residents.

Financing takes the form of loans tied to fixed-length use agreements. Loans are forgiven after the expiration of the use-agreements provided that property owners comply with their terms, which typically means reserving some or all of the building units for the target population.

HUD also offers rental assistance for the tenants of these buildings in the form of Project Rental Assistance Payments (PRAP). More information on these programs is available in the links below:

- Section 202 Supportive Housing for the Elderly

For some of these categories, HUD provides direct financing in addition to mortgage insurance, to encourage further creation of affordable housing for special-needs populations.

Green Refinance Plus

Program Website:

- <http://portal.hud.gov/hudportal/documents/huddoc?id=GreenRefiPlusFactSheet.pdf>

NY Hurricane Sandy Disaster Resources

Program Snapshot:

Green Refinance Plus is an enhancement of the Fannie Mae/FHA Risk-Share program, which provides funding for the refinance, preservation and energy-efficient retrofits of older affordable multifamily housing properties, including those that are currently in Fannie Mae's or FHA's portfolio.

This program allows for lower debt service coverage and higher loan to value ratios, to generate extra loan proceeds for property rehab and energy-efficient retrofits.

Green Refinance Plus enhances the standard Fannie Mae/FHA Risk Sharing program, which uses Fannie Mae's DUS® underwriting requirements, by generating additional proceeds to complete renovations or energy retrofits, in addition to refinancing a project's outstanding loan balance.

Thresholds: Property must be at least 10 years old, with a recorded use agreement of the affordability restrictions that extends for at least the term of the new loan to help preserve affordable housing.

- At least 5 percent of the refinance loan proceeds must be applied to property renovation or energy retrofit.
- All rehabilitation and energy improvements must enhance value and improve property operations.

Requirements for Participation:

As a requirement for underwriting, Fannie Mae will adopt a Green Property Needs Assessment (Green PNA) as a standard required for all Green Refinancing Plus loans. The Green PNA will identify a property's deferred capital needs and cost effective opportunities for increasing energy and water efficiency. The opportunities identified during the Green PNA process will ultimately reduce operating and capital costs for the property owner, reduce utility costs for tenants, while improving indoor environmental quality. Fannie Mae will offer Green Refinance Plus through its networks of Delegated Underwriting and Servicing (DUS®) and Special Affordable lenders.

Rental Assistance Programs

Program Snapshot:

HUD's Rental Assistance Programs serve nearly 5 million low-income households throughout the United States. The four main current rental assistance programs are:

- Traditional public housing
- Portable voucher rental assistance (Section 8)
- Project-based voucher rental assistance (Section 8)
- Supportive Housing (Section 202/811)

Traditional public housing and portable housing choice vouchers (HCVs) as well as certain project-based vouchers are administered by local entities called public housing authorities (PHAs). There are over 3,300 PHAs throughout the country, with a huge range in size and scale.

HUD funds local PHAs according to formula allocations for public housing, and based on previous spending and congressional appropriations for HCVs. PHAs are required to run rental assistance programs in accordance with federal regulations, but they have discretion and autonomy over much

NY Hurricane Sandy Disaster Resources

of their day-to-day operations. As such, local PHAs are excellent sources of place-based information regarding rental assistance, and there are significant differences between PHAs and their operations.

You can locate your local PHA here:

http://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/pha/contacts

One common element of rental assistance programs are that they are means-tested, meaning that recipients must certify that they meet income-eligibility requirements each year. Another standard is that recipients generally pay 30% of their adjusted income towards monthly rent, with HUD subsidy covering the balance. Below is a more detailed description of each rental assistance program.

Public Housing

Program Website:

- http://portal.hud.gov/hudportal/HUD?src=/topics/rental_assistance/phprog

Program Snapshot:

Public housing was established to provide decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities. Public housing comes in all sizes and types, from scattered single family houses to high rise apartments for elderly families. There are approximately 1.2 million households living in public housing units, managed by some 3,300 PHAs.

Eligibility:

Public housing is limited to low-income families and individuals. A PHA determines your eligibility based on: 1) annual gross income; 2) whether you qualify as elderly, a person with a disability, or as a family; and 3) U.S. citizenship or eligible immigration status. If you are eligible, the PHA will check your references to make sure you and your family will be good tenants. PHAs will deny admission to any applicant whose habits and practices may be expected to have a detrimental effect on other tenants or on the project's environment.

PHAs use income limits developed by HUD. HUD sets the lower income limits at 80% and very low income limits at 50% of the median income for the county or metropolitan area in which you choose to live. Income limits vary from area to area so you may be eligible at one HA but not at another.

The PHA serving your community can provide you with the income limits for your area and family size.

Housing Choice Vouchers

Program Website:

- http://portal.hud.gov/hudportal/HUD?src=/topics/housing_choice_voucher_program_section_8

Program Snapshot:

The housing choice voucher program is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual,

NY Hurricane Sandy Disaster Resources

participants are able to find their own housing, including single-family homes, townhouses and apartments.

The participant is free to choose any housing that meets the requirements of the program and is not limited to units located in subsidized housing projects.

Housing choice vouchers are administered locally by public housing agencies (PHAs). The PHAs receive federal funds from the U.S. Department of Housing and Urban Development (HUD) to administer the voucher program.

A family that is issued a housing voucher is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of health and safety, as determined by the PHA, and must pass annual inspections certifying that they continue to meet these standards.

A housing subsidy is paid to the landlord directly by the PHA on behalf of the participating family. The family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. Under certain circumstances, if authorized by the PHA, a family may use its voucher to purchase a modest home.

Eligibility:

Eligibility for a housing voucher is determined by the PHA based on the total annual gross income and family size and is limited to US citizens and specified categories of non-citizens who have eligible immigration status. In general, the family's income may not exceed 50% of the median income for the county or metropolitan area in which the family chooses to live. By law, a PHA must provide 75 percent of its voucher to applicants whose incomes do not exceed 30 percent of the area median income. Median income levels are published by HUD and vary by location. The PHA serving your community can provide you with the income limits for your area and family size.

Project-based Vouchers

Program Website:

- http://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/programs/hcv/project

Program Snapshot:

Project-based vouchers can be a component of a public housing agencies (PHAs) housing choice voucher program.

A PHA can attach up to 20 percent of its voucher assistance to specific housing units if the owner agrees to either rehabilitate or construct the units, or the owner agrees to set-aside a portion of the units in an existing development. Rehabilitated units must require at least \$1,000 of rehabilitation per unit to be subsidized, and all units must meet HUD housing quality standards.

In addition, many private multi-family dwellings contract with HUD to receive project-based Section 8 vouchers tied to their units. There are approximately 1.2 million multi-family units under contract with HUD at present, and although there is no funding available to initiate new project-based Section 8 units, this is an active program and renewal of current contracts is ongoing.

NY Hurricane Sandy Disaster Resources

Continuum of Care Programs

Program Snapshot:

Promotes community-wide commitment to the goal of ending homelessness; provides funding for efforts by nonprofit providers and State and local governments to quickly re-house homeless individuals and families to minimize trauma and dislocation; promotes access to and effective utilization of mainstream programs; and optimizes self-sufficiency among individuals and families experiencing homelessness.

The three current Continuum of Care Programs are:

- Shelter Plus Care (S+C) (available only to states, units of general local government, or public housing agencies)
- Supportive Housing Program
- Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program

Supportive Housing Program

Program Website:

- www.hud.gov/offices/cpd/homeless/programs/shp/index.cfm

Program Snapshot:

The Supportive Housing program is designed to promote the development of supportive housing and supportive services to assist homeless persons in transitioning from homelessness, and to promote the provision of supportive housing to enable homeless persons to live as independently as possible. Grants under the Supportive Housing Program are awarded through a national competition held annually.

Eligible Applicants:

State or local governmental entities, private nonprofit organizations, or community mental health associations that are public nonprofit organizations.

Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program

Program Snapshot:

Assists very low-income, single, homeless individuals in obtaining decent, safe, and sanitary housing in privately owned, rehabilitated buildings.

Under the SRO program, HUD enters into annual contributions contracts (ACCs) with public housing agencies (PHAs) in connection with the moderate rehabilitation of residential properties. These PHAs make Section 8 rental assistance payments to participating landlords on behalf of homeless individuals who rent the rehabilitated dwellings. The rental assistance payments generally cover the difference between a portion (usually 30 percent) of the tenant's adjusted income and the unit's rent, which must be within the fair market limit established by HUD.

NY Hurricane Sandy Disaster Resources

HUD provides rental assistance for SRO units for a period of 10 years. Owners are compensated for the cost of rehabilitation (as well as the other costs of owning and maintaining the property) through the rental assistance payments. At the same time, each unit must need a minimum of \$3,000 of eligible rehabilitation to qualify for the program.

Eligible Applicants:

HUD selects PHAs and private nonprofit organizations for funding on the basis of a national continuum of care competition, in which applicants must demonstrate a need for the assistance and the ability to undertake and carry out the SRO program. In their applications, applicants are required to identify the sponsors of proposed projects, specific structures to be rehabilitated, prospective sources of acquisition and/or rehabilitation financing, and a plan for providing supportive services for the homeless individuals in the units. Generally, very low-income, single, homeless individuals are eligible to occupy the assisted units.

Other Homelessness Programs

Veterans Affairs Supportive Housing (HUD-VASH)

Program Website:

- <http://www.hudhre.info/index.cfm?do=viewHudVashProgram>

Program Snapshot:

The HUD-VASH Program combines the Department of Housing and Urban Development (HUD) Housing Choice Voucher (HCV) rental assistance for homeless veterans and their families with case management and clinical services provided by the Department of Veterans Affairs (VA) at its medical centers and in the community.

Beneficiaries: HUD-VASH assists homeless veterans and their families afford decent, safe, and sanitary housing through the distribution of housing vouchers. Beneficiaries are selected based on certain requirements including health care eligibility, homelessness status, and income. Since 2008, beneficiaries are no longer required to be chronically mentally ill or have chronic substance abuse disorders. However, chronically homeless veterans are a target population for HUD-VASH.

Grantees: For FY2009, 132 Veterans Affairs Medical Centers (VAMCs) and 137 Public Housing Agencies (PHAs) were identified and selected to participate in the HUD-VASH program. Each VAMC is partnered with at least one PHA and there is at least one VAMC-PHA partnership in each state, the District of Columbia, and Puerto Rico.

Specific VAMCs and PHAs were selected based on geographical need for assistance (as identified by the VA Secretary), PHA administrative performance, and other factors determined by the HUD Secretary in consultation with the VA Secretary.

FEMA flood map information

On December 5, 2013 FEMA released Preliminary FIRMs for New York City as well as the Preliminary Flood Insurance Study (FIS) for New York City, a narrative report of the city's flood hazard. The issuance of the Preliminary FIRMs and FIS marks the first step in the regulatory review process which includes a public comment period followed by a statutory 90-day appeals period before the maps are adopted by the City.

These maps and study replace FEMA's interim Preliminary Work Maps that were released in June 2013 to inform rebuilding post-Hurricane Sandy and should be considered best available data for rebuilding.

Flood insurance reform

On March 21, 2014, President Obama signed the Homeowner Flood Insurance Affordability Act of 2014 into law.

This law repeals and modifies certain provisions of the Biggert-Waters Flood Insurance Reform Act, which was enacted in 2012. FEMA looks forward to working with Congress, the private Write Your Own Insurance Companies, and other stakeholders to implement these Congressionally-mandated reforms and to working toward our shared goals of helping families maintain affordable flood insurance, ensuring the financial stability of the NFIP and reducing the risks and consequences of flooding nationwide. FEMA will continue to identify and publish special flood hazards and flood risk zones as authorized and required by Congress.

More information on the new law and its impacts on the NFIP will be forthcoming.

Legal Services NYC

Legal Services NYC staff and volunteers have provided hundreds of hours of humanitarian and legal help to those who have been hardest hit by this disaster. Our advocates will continue to work in communities around the City to help people access benefits, obtain safe affordable housing and handle other legal issues to help families and our communities recover. Some of the areas in which we can offer assistance are:

- **FEMA Applications:** We help prepare FEMA applications and fight improper denials.
- **Emergency Benefits Applications:** We help prepare Emergency Food Stamps and other emergency benefits applications and fight improper denials.
- **Employment:** We help workers who have lost wages because of storm-related problems to get emergency and disaster-related Unemployment Insurance Benefits and fight improper denials.
- **Housing:** We prevent wrongful evictions, advise tenants about rent abatements, obtain repairs and help tenants to move/obtain transfers to alternate housing.
- **Foreclosure Prevention:** We work with homeowners to navigate insurance claims and apply for assistance with home repairs. We negotiate with lenders to prevent foreclosures.
- **Economic Recovery:** We help small businesses to locate legal help to address both their immediate and ongoing needs.
- **Other Civil Legal Services:** We help with many other storm-related legal problems.

Please call our Citywide Sandy Recovery Hotline at (347) 592-2411. The hotline is open from 10am to 3pm, Monday through Friday.

Proof of loss

The Federal Emergency Management Agency announced on Oct. 1 that it has extended the deadline for filing proof-of-loss claims for a second time. **The new deadline is April 28, 2014.**

The Standard Flood Insurance Policy (SFIP) allows homeowners 60 days from the date of loss to file proof-of-loss claims. On Nov. 9, 2012, the Federal Insurance and Mitigation Administration first extended the filing deadline to one year from the date of loss.

A Proof of Loss is a form used by the policyholder to support the amount they are claiming under their policy, which must then be signed and sworn to, and submitted with supporting documentation. The policy covers structures and any personal property contained within that was damaged or destroyed by floodwaters.

This latest extension will give policyholders more time to gather the necessary paperwork, fully document their losses and account for any additional expenses that were discovered after repairs or rebuilding projects began. Benjamin Rajotte, director of the Disaster Relief Clinic at the Touro Law Center on Long Island, N.Y., said that many homeowners were unaware of the one-year deadline and would not have been able to complete the filing process in time.

Any policyholder whose SFIP was issued by a Write Your Own program-participating insurance company should contact his insurance adjustor or the carrier directly to find out the proper address for submitting the Proof of Loss with supporting documentation.

If the policy was issued by FEMA directly through the Direct Servicing Agent, send Proof of Loss and supporting documentation by regular mail to: NFIP Direct Servicing Agent, P.O. Box 2966, Shawnee Mission, KS 66201-1366. Or send by overnight mail to: NFIP Direct Servicing Agent, 7701 College Blvd., Suite 150, Overland Park, KS 66210.

NYC Nonprofit Recovery Loan/Grant Program

See <http://www.nyc.gov/html/recovery/html/nonprofits/nonprofits.shtml>.

The New York City Nonprofit Recovery Loan and Grant Program is designed to provide critical funds in the coming months to bridge the gap between expenditures needed to support the recovery from Hurricane Sandy and anticipated revenues such as grants, pledges, contract reimbursements, FEMA and insurance payments.

In all cases priority is given to nonprofit organizations that are located in and/or providing services in the areas most affected by Hurricane Sandy. Please read the description of each program to see which one fits your organization's circumstances.

The Loan/Grant Program is for organizations that have applied to FEMA, with the expectation that FEMA will, at some point, be making an award. These nonprofits may also be receiving funds from private insurance and/or an SBA Loan. The amount of the loan/grant is determined by tangible property damage. The loan portion will be made against reimbursements expected from private insurance, SBA loans, FEMA and government contracts. Loans will be interest-free.

The Nonprofit Recovery Loan/Grant Program is administered by the Fund for the City of New York. The grant component of the program is supported by the Mayor's Fund to Advance New York City and

NY Hurricane Sandy Disaster Resources

the loan program is supported by funders including the Ford Foundation, Capital One Bank, and The New York Community Trust.

Sandy VIP Program

Since Hurricane Sandy, New York Cares has provided thousands of volunteers to help with immediate needs - from food and clothing distribution to mucking out homes. We believe that volunteers can continue to play a critical role in helping non-profit and community organizations meet their missions and help our city recover. As part of our on-going Disaster Response and Recovery efforts, New York Cares is launching our Sandy Volunteer Impact Partnership (VIP) Program in the model of our tested city-wide VIP Program.

Sandy VIP seeks to improve the capacity of impacted non-profit and government organizations including New York City public schools by utilizing and integrating volunteers. Sandy VIP partners will work with New York Cares for **one year** to create a volunteer engagement plan, including beginning new volunteer programs and engaging local volunteers. This program is provided at no cost to the Community Partner.

As part of this program, New York Cares will:

- Assign a dedicated Program Manager to provide ongoing programmatic support as well as volunteers for one-time events;
- Meet monthly with Sandy VIP program leads at Community Partners;
- Recruit local volunteers;
- Perform a comprehensive assessment to identify the needs that volunteers might meet;
- Help design and implement a vision for a community space including revitalization and/or light construction (supply costs included);
- Help design and implement on-going programs for volunteers to work with or alongside community residents, clients, students, and others for the long-term benefit of the affected region (supply costs included);
- Provide training on volunteer management, program design and evaluation; and,
- Convene quarterly meetings of partner staff members to share best practices, solicit feedback, and provide collegial support to agency staff.

We are looking for 12 to 15 organizations to participate. Applications will be accepted on a rolling basis with preference given to early applicants.

Recovery Programs

Community Development Block Grant Disaster Recovery (CDBG-DR)

New Yorkers living and working in communities affected by Hurricane Sandy continue to face many challenges as they rebuild their homes, restore their businesses and get their lives back to normal.

On January 29, 2013, President Obama signed into law the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2) which provides \$16 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to repair and restore areas affected by Hurricane Sandy.

The City's CDBG-DR Action Plan was approved by HUD on May 7, 2013. The plan details how the City plans to spend the \$1.773 billion grant from the United States Department of Housing and Urban Development (HUD) for eligible Hurricane Sandy disaster recovery and rebuilding activities. The Action Plan, including any amendments, describes how the City will use this funding to help New Yorkers rebuild their homes, businesses, and communities and addresses housing, business, infrastructure, and resiliency programs.

On November 18, 2013, the City received a second allocation of \$1.447 billion from HUD.

Disaster Case Management Program (DCMP)

An organized, effective long-term recovery process is needed when survivors' personal resources, insurance, and government grants and loans are insufficient to meet their recovery needs. Potential clients should be referred to Disaster Case Management if they have disaster-caused needs not met by the referring organization's program(s).

Sandy DCM Referral Line: 855-258-0483

Background

New York State, with funding from the FEMA, is providing disaster case management (DCM) services for New Yorkers with unmet needs arising from Hurricane Sandy. Catholic Charities Community Services, Archdiocese of New York is managing the DCM program, as it did following Hurricanes Irene and Lee.

The DCM program is designed to provide a locally based disaster case manager for New Yorkers with unmet needs related to Hurricane Sandy. By funding a coordinated network of community-based agencies, New York State hopes to provide easy access to support for residents seeking help and to avoid duplication of services.

Catholic Charities is subcontracting with locally based not-for-profits to provide direct services through October 2014 in the following counties: Bronx, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, Suffolk, Sullivan, Ulster, and Westchester.

NY Hurricane Sandy Disaster Resources

Eligibility

In order to be eligible for the DCM program, a person must have an unmet need that arose from or was exacerbated by Hurricane Sandy. Those who are ineligible for FEMA or other assistance programs are still eligible for the DCM program as long as they have a verifiable unmet need related to the storm.

Program Model

- Offering *information and referral* services to clients that do not need, want, or qualify for DCM services;
- Accepting client inquiries *by phone, in person by appointment or on a walk-in* basis;
- Preparing a *comprehensive assessment* of client needs;
- Developing an outcomes-based *individualized disaster recovery plan*;
- Providing *crisis intervention* services where appropriate;
- Advocating to resolve unmet needs and to *access available benefits and services*;
- *Maintaining ongoing contact with clients*;
- Initiating or participating in *case conferencing* where needed with other service providers;
- *Closing cases* as appropriate, and referring clients with unmet needs to long term recovery committees in their communities;

Accessing Services

Through **211/311**, the Catholic Charities SANDY Helpline (**855-258-0483**), or directly through DCM agencies (see list, below).

Whether you have applied for FEMA or not – even if you were not eligible or were denied assistance – there may be local resources available for you. A trained, compassionate case manager can work one-on-one with you to:

- Answer your questions about recovery
- Develop a plan to address your needs
- Connect you with appropriate community resources
- Determine what financial assistance may be available to you
- Advocate on your behalf with service and benefit providers

Homeowners

See <http://www.nyc.gov/html/recovery/html/homeowners/homeowners.shtml>.

The Build it Back Single-Family Program is designed to assist owners of properties with one to four units affected by Hurricane Sandy. Homeowners may be eligible for one or more of the Program's pathways, including Repair, Repair with Elevation, Rebuild, Reimbursement, and Acquisition for Redevelopment.

Applicants are prioritized to ensure that Build it Back meets the US Department of Housing and Urban Development's National Objectives to benefit low and moderate income persons impacted by the storm, as established by the rules of the Community Development Block Grant-Disaster Recovery (CDBG-DR).

Multi-Family Program

See <http://www.nyc.gov/html/recovery/html/landlords/landlords.shtml>.

The Build it Back Multi-Family Program is designed to assist owners of properties with five or more apartments affected by Hurricane Sandy. Rental properties, condominiums and cooperative buildings are all potentially eligible. Financial assistance will be provided as a forgivable loan to cover unmet need for rehabilitation of buildings that sustained damage as a result of Hurricane Sandy. In addition, the City intends to strengthen housing infrastructure by identifying opportunities to increase resiliency against future events.

Renters Program

See <http://www.nyc.gov/html/recovery/html/renters/renters.shtml>.

New York City is offering a temporary rental subsidy and housing referral assistance to eligible low-income renters who were affected by Hurricane Sandy and who remain displaced from their homes as a result of the storm. The type of assistance offered depends on household income. The NYC Department of Housing Preservation and Development (HPD) created the Temporary Disaster Assistance Program (TDAP) to serve very low-income renter households who are displaced from their New York City homes as a result of Hurricane Sandy. Low-income renter households are defined as households whose income is less than 50% of the federally determined Area Media Income (AMI). TDAP rental subsidy is limited to two years and must be used within New York City. Households are required to pay 30% of their income toward rent.

Weatherization Assistance

The Weatherization Assistance Program assists income-eligible families and individuals by reducing their heating/cooling costs and improving the safety of their homes through energy efficiency measures. Energy efficiency measures performed through the program include air sealing (weatherstripping, caulking), wall and ceiling insulation, heating system improvements or replacement, efficiency improvements in lighting, hot water tank and pipe insulation, and refrigerator replacements with highly efficient Energy Star rated units. Both single-family and multi-family buildings are assisted. Household energy use reductions and resultant energy cost savings are significant, with an average savings in excess of 20%. Individual households apply by contacting the provider that serves their area.

For more information, contact the Weatherization Program at 518-474-5700 or email Weatherization@nyshcr.org.

Additional Resources for Long Island (Nassau and Suffolk Counties)

Adult care in Nassau County

Adult Protective Services (APS)

Accepts all referrals of adults, over the age of 18 years, who are alleged to be incapable of caring for themselves because of a physical or mental incapacity and/or are abused, neglected or financially exploited by others; and have no one willing or able to assist them responsibly. Services may be provided free, without regard to income. A caseworker will visit the person in his/her home within 24 hours, if the allegation is life threatening; and within 3 working days, if non-life threatening. It uses a case management approach to evaluate eligibility for homemakers, counseling, financial management services, and medical services.

NY Hurricane Sandy Disaster Resources

Anyone making a referral to Adult Protective Services in good faith is protected from civil liability.

- 516-227-8083.

Adult Preventive Services

provides help for those adults who demonstrate a need for assistance in managing their activities of daily living, Adult Preventive Services is ready to help adults in need. Services may include medical and/or psychiatric support services, homemaking and financial management services.

- 516-227-8083.

Family-Type Homes for Adults

Provides a family living situation for adults who need supervision and care. Caring people open their homes to adults that are mentally or physically impaired who do not require the skilled care of a nursing facility. A request to become a Family-Type Homes for Adults operator or to refer an interested adult may be made directly to the office of Adult Services at:

- 516-227-8083.

Adult Financial Management Services

Program is available for adults who are not able to manage their finances. It ensures the proper use of a person's income/resources and prevents the mismanagement and financial exploitation of those funds by others. A referral may be made at our Information, Resource and Referral Services Unit by calling:

- 516-227-8395.

Post Institutional Services

Program coordinates with the Department of Mental Health and State private psychiatric hospital units to ensure the proper discharge of patients into the community with the necessary social service support. The coordinator of this program may be reached at:

- 516-227-8488.

Homemaking Services

Program provides for in-home care for adults who need assistance with their activities of daily living in order to delay or prevent placement in nursing homes or other institutions.

- 516-227-8395.

All Hands Volunteers

All Hands is doing mucking, gutting, and mold treatment. Our mucking and gutting is generally in support and preparation for our mold treatment, though by no means exclusively. We are currently targeting 100 houses for mold treatment from January 7 to July 7. It is important to note that we're not offering professional mold remediation or certification of our process. If a client needs such certification for a contractor or insurance, I would direct them to the Better Business Bureau's listing of environmental services on Long Island:

NY Hurricane Sandy Disaster Resources

- <http://www.bbb.org/new-york-city/accredited-business-guide/environmental-testing-consulting/4040>.

Our requirements to be able to treat for mold in a house are:

- There must be electricity to the house. The house doesn't need to have been rewired, but there must be power to, if not past, the breaker panel.
- The house must be securable. This is typically by locking the doors and windows and putting a realtor's key box on the door for our teams to access the house. In some cases, if residents are present full-time, this isn't necessary, but is still our preference
- During cold weather, the house must have heat. If it is above about 45 degrees, we can heat the house with our portable heaters.
- The homeowner must be willing to let us gut the house to the extent necessary for mold treatment to be effective. This varies from house to house, but usually includes bathrooms, drywall to four feet or eight feet, all furniture and possessions, and often floors.

We don't have formal financial criteria or vetting in place. Our intent is, by working in and reaching out to low-income areas we will reach the most vulnerable.

We're working in and around Long Beach, Island Park, Oceanside, East Rockaway, and Freeport. We have worked as far as Wantagh, Massapequa, South Hempstead, Valley Stream, and essentially anywhere within about a half hour drive of our base in Long Beach.

Our turnaround time to call back homeowners is pretty fast, usually the same day or the next day. Our turnaround for the assessor to visit is also fast, usually one to three days. Our turnaround for work to start is usually one to two weeks after assessment. Gutting can take anywhere from half a day to six days. Treating for mold, including drying, can take from 48 hours to eight days.

To refer cases to us, your agents or clients can call (516) 362-6493, or email

Community Development Corporation of Long Island

CDCLI Sandy Housing Recovery Program (SHRP) Services

Community Development Corporation of Long Island (CDCLI) has established a Sandy Housing Recovery Program (SHRP) supported by philanthropic funds. The program has a dedicated Sandy Housing Recovery phone line (631-471-1215 x140) and web site (<http://www.cdcli.org/client-resources/super-storm-sandy>). The SHRP team works with each individual to gather all relevant information about their needs and resources and to create a plan for immediate and longer-term action steps for moving forward through the immediate storm response, rebuilding process, and planning for future storms. The team works with each individual to apply to all governmental and private services for which they might be eligible, and assists with direct assistance such as replacing certain essential home contents. Consistent with our mission, CDCLI's focus is on traditionally underserved populations in the most seriously damaged communities, but our services are open to all Sandy-impacted households.

CDCLI SHRP Case Management

SHRP staff works with each individual to gather all relevant information about their needs.

Case managers create a plan for immediate and longer-term action steps for moving forward through the immediate storm response, rebuilding process, and planning for future storms.

We make internal referrals to other CDCLI programs and to apply to all governmental and private services for which they might be eligible.

As needed, the team makes referrals to other CDCLI services, including:

- Project management, for services such as guidance about how to select a contractor or plan a phased construction project
- Mold program
- Foreclosure prevention counseling and assistance with insurance claims, staffed by a dedicated Sandy-response counselor funded by the New York State Attorney General's Office
- Loans, including a bridge loan up to \$25,000, for those waiting for insurance payments; a home improvement loan up to \$25,000; and an Emergency Home Repair Loan up to \$5,000
- Weatherization services

SHRP staff makes internal referrals to other CDCLI programs:

Home Improvement Program

- Helps to repair roofing, siding, driveways, heating systems, windows, doors, kitchen, bathrooms, electrical, and other health and safety issues
- With this program there is a required Lien against the home (Two, Five, or Ten depending on how much is spent for these energy saving improvements)

NY Hurricane Sandy Disaster Resources

- Once the Lien year has expired it is forgiven. A satisfaction letter is issued for you the Client to file with the county clerk.

Access to Home Program

- Our Access to Home Program provides home accessibility modifications to income qualified, physically disabled homeowners or those living with a disabled family member.
- These home improvements are designed to sustain one's independence and safety within the household.
- Home modifications include:
 - Ramps and lifts, handrails, expanded doorways, stair glides
 - Kitchen and bathroom modifications
 - Roll-in showers, grab bars and seats
 - Special thermostatic and environmental controls

Bridge Loan

- Up to \$25,000 available for home repairs due to Super Storm Sandy
- The loan will be available to homeowners living on Long Island whose homes were damaged by Super Storm Sandy.
- Intended for homeowners who have filed all insurance claims and need funds to begin repairs while waiting for the release of funds. Homeowners will be required to document proof of an insurance claim and have a FEMA registration number.

Weatherization

Possible services include:

- Heating system clean and tune, repair when necessary
- Weather stripping, caulking, and air sealing to eliminate drafts
- Attic, wall and basement insulation when necessary
- Broken window and primary door repair / replacement when necessary
- Hot water heater replacement

Emergency Home Repair

- Up to \$5,000 available for emergency home repairs
- Homes can be "underwater" (homeowner can owe more than the home is worth)
- Must be owner-occupied single-family homes
- Household income cannot exceed 120% of the Area Median Income for Long Island
- All loans will be secured with a lien on the home. The income of all property owners is used to determine eligibility. There is a \$120 non refundable application fee.

Mortgage & Insurance

- CDC Foreclosure Prevention Housing Educators can help you explore mortgage options with dignity and respect.
- Register for the next upcoming Group Homeowner Information Session to find out more about the modification, refinance and foreclosure prevention process. After the Information

NY Hurricane Sandy Disaster Resources

session you will be able to set an individual mortgage counselling appointment with a counsellor who will:

- Assist you in developing a household budget
- Assist in drafting a hardship letter and/or completing the financial worksheet required by your mortgage servicer
- Provide referrals to resources for other needs/services

Project Management

- Project management, for services such as guidance about how to select a contractor or plan a phased construction project

NECHAMA

NECHAMA is currently providing volunteer services for Long Island residents affected by Hurricane Sandy who need the following:

- Insulation Installation
- Sheetrock Installation
- Sheetrock Finishing (mud & tape)
- Painting

These services are available to homeowners who sustained minor to moderate damage, but do not have enough funds to complete all repair work. Some residents may qualify for additional gap building materials funds (\$2,500 maximum), based on their financial need. There is no income requirement for applicants requesting only volunteer labor and that have funds to purchase all materials, though cases may be prioritized based on need. All applications must be submitted through a Case Manager at a qualified disaster case management agency. For more information on NECHAMA's services:

- https://apply.nysandyhelp.ny.gov/intelligrants_NYS DR/Login2.aspx?APPTHEME=NYS DR

To be eligible for one of the New York Rising Disaster Recovery Programs, you must be able to answer YES to the following questions:

Is the property or business for which you are seeking assistance located in one of the counties declared as a disaster area as a result of Hurricane Sandy, Hurricane Irene or Tropical Storm Lee?

The following counties were impacted and eligible through New York Rising Recovery Programs: Albany, Broome, Chemung, Chenango, Clinton, Columbia, Delaware, Dutchess, Essex, Fulton, Greene, Herkimer, Montgomery, Nassau, Oneida, Orange, Otsego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Sullivan, Tioga, Ulster, Warren, Washington, and Westchester.

Was the property or business damaged as a direct result one of the above named storms?

This program is designed to assist properties and businesses damaged by the storm.

Recreate NY Smart Home Program

The State of New York and its Recreate NY Smart Home Program partners in local governments are now accepting registrations for housing assistance for residents located in disaster-declared counties. These registrations will be used to determine potential program eligibility for each registrant. This includes counties affected by Hurricane Irene or Tropical Storm Lee.

If your residential property was affected by Superstorm Sandy, Hurricane Irene or Tropical Storm Lee, you may be eligible for assistance to address your remaining unmet housing recovery need(s) in a variety of categories, including home repair/rehabilitation, mitigation/elevation and/or buyouts. Assistance may also be available to owners of rental properties in the impacted region. Receipt of funding under this program may not duplicate disaster-related assistance you have already received or may be eligible for from other federal, state, local and/or private sources of disaster-related assistance, including, but not limited to, homeowners and/or flood insurance proceeds.

- Fact sheet:
http://nysandyhelp.ny.gov/sites/all/themes/ny_sandy_help/documents/smarthome-factsheet.pdf

Recreate NY Multifamily Housing Mitigation/Elevation Grant Program

Funding may be available for residential property owners in disaster-declared counties whose property was damaged or destroyed by Superstorm Sandy, Hurricane Irene and/or Tropical Storm Lee. Funding will be provided to assist property owners to cover damages that are outstanding after federal, state, local and private sources have been exhausted. The assistance is targeted to mitigation assistance of affordable housing to elevate homes or key systems. Affordability and flood insurance requirements may be placed on all assisted units following completion of mitigation activities. These requirements and program parameters are subject to federal approval and may change. Funding for this program will not be distributed by the federal government and made

NY Hurricane Sandy Disaster Resources

available to the State of New York and its partners until federal agencies have approved the program discussed in this document.

- Fact sheet:
http://nysandyhelp.ny.gov/sites/all/themes/ny_sandy_help/documents/multifamily-factsheet.pdf

Recreate NY Smart Home Buyout Program

Funding for buy-outs may be available for homeowners in disaster declared counties. Funding will be provided to give residents the opportunity to leave their properties through a voluntary buyout program for homes that were substantially damaged and/or located within designated buyout areas where damage occurred.

Buyouts are strictly voluntary. No homeowners are ever forced to relinquish their property, but homeowners who decide not to participate in the buyout may be required to take risk reduction measures, such as elevating their homes and purchasing insurance coverage through the National Flood Insurance Program (NFIP), if locally available.

More information will be available within the coming weeks.

Residential Energy Affordability Partnership (REAP)

REAP is a program for income-eligible customers designed to help them save energy and lower their electric bills. Participation in REAP can make your home healthier and safer. In addition participants are guided to other services outside our company that can help them with any special needs.

NY Hurricane Sandy Disaster Resources

What can I expect?

During the REAP home survey, a REAP technician may install energy-saving measures in your home...at no cost to you! In fact, all REAP services provided are at no cost to eligible customers. REAP technicians choose items that will make your home the MOST energy efficient. Learn more:

- <https://www.psegliny.com/page.cfm/Home/CustomerService/FinancialAssistancePrograms/REAP/Info>

Have a question? Call us at 800-263-6786 or email us at psegli-reap@csggrp.com. A REAP team member will contact you to schedule an REAP home survey and answer any questions you may have about REAP.

You are eligible for REAP if:

- You have an account number
- Your house is a one to four family dwelling
- You meet the income guidelines

Project Warmth

Project Warmth is an emergency assistance program administered by United Way of Long Island to help families and individuals with energy emergencies.

Program Highlights

- One-time grant for fuel, plus an additional amount for fuel-related electricity.
- The heating grant may be used to pay for any fuel source such as oil, gas, electric, propane, etc.
- Project Warmth is available until funds are exhausted.

Qualifying for Project Warmth

You are eligible for assistance if:

- You are a resident of Nassau or Suffolk County or the Rockaways
- Demonstrate financial hardship and provide an acceptable explanation for the arrears
- If you are eligible for HEAP, you MUST apply for HEAP before applying for Project Warmth
- You did NOT top off your oil tank during the 2012-2013 heating season

Senior Citizens

If you are 60 years old or older, disabled, or receive Supplemental Security Income (SSI), you can apply for HEAP at your local senior citizen's office. Applications can also be mailed to you.

Touro Law Center

Touro Law Center, together with partners the Suffolk County Bar Association, the Disaster Relief Law Center "You.Me.We." and the Student Disaster Relief Network, has launched the Touro Law Center – Hurricane Emergency Assistance and Referral Team (TLC-HEART). The center provides referrals, assistance and legal advice for local residents and small businesses affected by Hurricane Sandy.

Residents can call the center at (631) 761-7198 or email ticheart@tourolaw.edu to receive assistance from disaster relief-trained students and volunteer attorneys who will match resident concerns with referrals to federal, state and local government agencies and private groups offering storm-related assistance. The telephone hotline will be answered live Monday through Thursday from 9 am to 6pm and on Friday from 9 am to 3pm. Voicemail messages can be left 24/7.

Help is available on a wide-range of legal and non-legal issues. Residents have been calling with a wide range of storm-related problems, including landlord-tenant problems, insurance issues, and
