

The FEMA Library is a searchable web-based collection of all publicly accessible FEMA information resources, including: CDs, DVDs, VHS tapes, audio tapes, disability resources, posters and display items, brochures, publications, guidance and policy papers, program regulations and guidelines, forms, slide presentations, and some documents.

It allows users to better locate, download to your computer to save and print items from the web. Use the links on the left to locate the resources. Once you search for resources, choose each item you want to be placed in "My Bookshelf". Then, when you are done, go to the left navigation button, "My Bookshelf" to start the check-out process.

Seven new NIMS resources were added to the FEMA Library
