

GRANTS HANDBOOK 2008

(29 Pages – PDF Format, File Size 1.84 MB)

There was almost \$500 billion of federal grant money available during 2007 from scores of funding sources. In addition, there were hundreds of other opportunities for securing matching grants at local, state and national levels.

In fact, it is almost impossible to calculate exactly how much grant money is available overall, even after trawling through House appropriations bills and reports from oversight organizations including the National Science Foundation (NSF) and Office of Management and Budget (OMB).

2008 Grants Writing Handbook now available at www.homelanddefensejournal.com. Complimentary download. 29 pages. Grants listed.
