## **IS-700, I-100 and I-200 Information**

EMI's Independent Study Office has recently received several inquiries from State and local organizations that are using incorrect test questions for the IS-100 Introduction to Incident Command System, I-100 and IS-200 ICS for Single Resources and Initial Action Incidents. We would like to enlist your help to get the word out to local organizations that Independent Study test questions should be downloaded from the EMI IS website prior to teaching courses in the classroom. Using incorrect test questions may result in students failing the courses.

The course test questions can be found at the websites at the bottom of this message. We truly appreciate your assistance in helping us disseminate the information.

Regards,  
Jennifer Ogle
