BUILDING CODES & INSPECTION

[Book] National Fire Protection Association. **National Fire Codes, 2017**. Quincy, MA: NFPA, 2017. ISBN 9781455914982. 17 volumes plus index. (Supplement volumes to follow mid-year).

[Book] International Fire Service Training Association. **Plans examiner for fire and emergency services**. Stillwater, OK: Fire Protection Publications, 2016. ISBN 9780879396084. 426 p.

“This updated manual is for fire department staff and others who review plans for compliance with fire and building codes to ensure public safety in the built environment.”

Exam Preparation

[Book] Hirst, Ben A. **Exam prep: hazardous materials technician, 4th edition**. Tequesta, FL: PTS Publications, 2017. ISBN 9781495182761. 96 p.

[Book] Hirst, Ben A. **Exam prep: fire investigator, 4th edition**. Tequesta, FL: PTS Publications, 2017. ISBN 9781495182778. 101 p.

Large Scale Incident Preparation

[Book] Connolly, Maureen. **Campus emergency preparedness**. Boca Raton, FL: CRC Press, 2016. ISBN 9781466587571. 254 p.

“...helps you develop and organize emergency operation plans. It incorporates the key components recommended by the Federal Emergency Management Agency (FEMA) and the US Department of Education and outlines the roles and responsibilities of campus personnel before, during, and after an emergency.”

[Book] Nunez, Eloy and Ernest G. Vendrell. **Managing critical incidents and large-scale event security**. Boca Raton, FL: CRC Press, 2017. ISBN 9781498731508. 314 p.

“Nuñez and Vendrell aim to provide the most current and effective resources for managing special events and critical incidents.”

Investigation

[Book] Laska, Paul R. **Bombs, IEDs, and explosives identification, investigation and disposal techniques**. Boca Raton, FL: CRC Press, 2016. ISBN 9781498714495. 269 p.

“...introduces concepts, basic knowledge, and necessary skill sets for bomb technicians. It covers topics such as training resources, bomb threat and incident response, legal aspects of bomb disposal, explosives and improvised explosive devices (IEDs), bomb technology, bomb disposal equipment, and explosive evidence handling.”

[Book] Russ, John C. **Forensic uses of digital imaging, 2nd ed**. Boca Raton, FL: CRC Press, 2016. ISBN 9781498733076. 268 p.

“...this book helps readers develop the ability to understand when and how specific techniques should be used. It will be of particular use in casework for practicing photography and imaging police and forensic professionals who need to verify and explain both interpretations and processes to legal professionals, judges, and juries.”

[Book] Napier, Michael R. **Behavior, truth and deception; applying profiling and analysis to the interview process 2nd ed**. Boca Raton, FL: CRC Press, 2017. ISBN 9781498745291. 403 p.

“The book describes the skill sets and essential elements that directly contribute to a successful interrogation and outlines an interview plan using these analytical and profiling concepts.”

Non-fiction

[Book] Hesse, Monica. **American fire; love, arson, and life in a vanishing land.** New York, NY: Liveright Publishing Company, 2017. ISBN 9781631490514. 255 p.

“The arsons started on a cold November midnight and didn’t stop for months. Night after night, the people of Accomack County waited to see which building would burn down next, regarding each other at first with compassion, and later suspicion. Vigilante groups sprang up, patrolling the rural Virginia coast with cameras and camouflage. Volunteer firefighters slept at their stations. The arsonist seemed to target abandoned buildings, but local police were stretched too thin to surveil them all. Accomack was desolate—there were hundreds of abandoned buildings. And by the dozen they were burning.”

HazMat

[Book] International Fire Service Training Association. **Hazardous materials technician, 2nd edition.** Stillwater, OK: Fire Protection Publications, 2017. ISBN 9780879396268. 613 p.

“Meets the requirements of the new NFPA 1072, Standard for Hazardous Materials/ Weapons of Mass Destruction Emergency Response Personnel Professional Qualifications, 2017, Chapter 7, Technician. This is the only textbook, the only training manual, with content to meet the new NFPA 1072 Professional Qualification Standard and to prepare for certification exams...”

[Book] Noll, Gregory G., et al. **Gasoline tank truck emergencies: guidelines and procedures, 4th ed.** Burlington, MA: Jones & Bartlett Learning, 2017. ISBN 9781284112733. 62 p.

“A Comprehensive Reference Manual... Fourth Edition is designed to provide public safety and industry emergency response personnel with the background information, general procedures, and response guidelines to be followed when operating at an incident involving MC/306/DOT 406 cargo tank trucks.”

General Fire Science

[Book] Smith, James P. **Strategic and tactical considerations on the fireground, 4th ed.** New York, NY: Pearson Education/Brady Fire, 2017. ISBN 9780134442648. 564 p.

“This book is written for firefighters, fire officers, and chief officers who hope to improve their firefighting skills. It can be utilized in college fire science courses, or at a fire training academy. It can be beneficial for a candidate preparing for promotion to company or chief officer.”

[Book] Ford, Travis. **Fire and emergency services safety and survival, 2nd ed.** Hoboken, NJ: Pearson/Brady Fire, 2017. ISBN 9780134323336. 369 p.

“Written with both students and career fire service professionals in mind, Fire and Emergency Services Safety and Survival incorporates the FESHE guidelines and outcomes for the Principles of Fire and Emergency Services Safety and Survival course”

[Book] Quintiere, James G. **Principles of fire behavior, 2nd ed.** Boca Raton, FL: CRC Press, 2017. ISBN 9781498735629. 413 p.

“This text covers the four forms of fire: diffusion flames, smoldering, spontaneous combustion, and premixed flames. ...the text introduces the scientific principles of fire behavior, with coverage of heat transfer, ignition, flame spread, fire plumes, and heat flux as a damage variable.”
