September 7, 2006

John S. Rowntree, Interim Chairman
FCC – Region 36 Regional Planning Committee
400 North Lexington Street
Pittsburgh, PA 15208-2521

Regarding: Interregional Concurrence Request for Region 55, Window 4

Dear Mr. Rowntree,

Region 55 has completed its Window 4 channel allotments in the 821-824/866-869-MHz public-safety frequency band. In accordance with the provisions in our 800-MHz Plan, we are seeking concurrence for the proposed channel allotments.

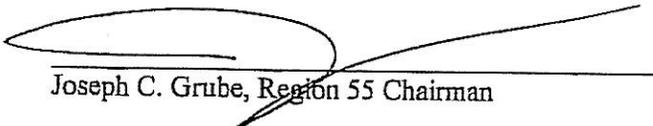

Region 55's Window 4 channel allotments were requested by New York State Statewide Wireless Network. Please refer to the enclosed table for details regarding the proposed channel allotments for Window 4 and a summary of the previous application filing Windows.

Region 55 is also seeking status of your reply to the "Interregional Concurrence Request for Region 55, Window 3" letter dated February 8, 2006. Window 3 allotments were requested by New York State and Monroe County.

Should Region 36 believe there are conflicts with the existing channel assignments in your region vis-à-vis the proposed Region 55 channel allotments, please notify me at your earliest possible convenience. Furthermore, Region 55 has an aggressive timetable for the completion of this Window and appreciates your cooperation in expediting this process.

If you require further information or have questions regarding our Window request, please contact Ms. Maribel Martinez-Bradwell at (518) 474-9112 or Mr. Gary Perkins at (585) 621-4599.

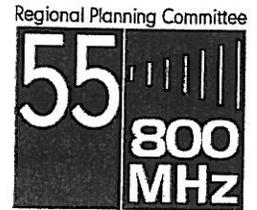

Best Regards,

Joseph C. Grube, Region 55 Chairman
