This would include not only testing and treatment rooms, but also laboratories, waiting rooms, lobbies, cafeterias, hallways, elevators, stairwells and rest rooms, etc.

Costs associated with follow-on treatment of COVID-19 patients beyond the duration of the Public Health Emergency (as determined by HHS) are not. Answer: For supplies that have been donated, there is no cost to the applicant to reimburse, but they may be eligible to offset the Applicant's local share of their approved projects. Please visit our website to learn more about donated resources:
