

AWR-167 – SPORT EVENT RISK MANAGEMENT

No. of OPENINGS: **Min.25/Max.40**

WESTCHESTER COUNTY

2 DAYS

OCTOBER 28-29, 2019

EASTERN HUDSON VALLEY

ANNOUNCED: JULY 19, 2019

Description:

This course is designed to build capabilities for multi-agency collaboration pertaining to risk management for sport events. It introduces the seven-step sport security risk management process, including the idea of risk management and setting risk management goals for sport events, identifying assets that need protecting and determining risk, implementing planning and mitigation actions, and implementing after-action review for events as well as incidents. Through activity-based training modules, intact security teams will enhance their ability for planning, risk assessment, training, and exercising practices specific to conducting sport events. The expectation is for participants to return to their respective organization and coordinate the development of a sport event security management system.

Topics:

- Discuss and understand the global threat environment directed at soft targets and identify sport event and special event threats.
- Build an effective risk management team.
- Relate threat, hazard, and risk management concepts and the self-assessment process for sports venues and events facilities.
- Identify, understand, and determine the best available physical and non-physical protective measures for sport event facilities/venues.
- Identify event and emergency operational planning considerations, including the importance of the event action plan and the difference between event planning and incident action planning.
- Develop and implement a staff training cycle relative to sport event security and safety management.
- Identify various exercise options and how to conduct an exercise involving key partners and evaluate performance in order to address gaps and ensure continuous improvement
- Apply risk management procedures to a multi-agency, multi-discipline scenario
