Training Announcement:

Active Threat Integrated Response Course

ATIRC (PER-340)

November 14-16, 2018

State Preparedness Training Center

Course Description

The Active Threat Integrated Response Course (ATIRC) is a 24-hour performance level direct delivery course designed to improve integration between law enforcement, fire, and emergency medical services (EMS) in active shooter events. The course provides law enforcement officers with key medical skills based on tactical emergency casualty care (TECC) guidelines which can be used at the point of injury (POI) to increase survivability of victims. The course also provides a model framework for law enforcement, fire, and EMS to integrate responses during an active shooter event through the rescue task force concept using the Active Shooter Incident Management Checklist.

This course has been designed to improve the safety and survivability of victims of active shooter and mass shooting events and increase the effectiveness, coordination, and resource integration between law enforcement, fire, and EMS when responding to these events.

Topics Include

Incident Command and the Integrated Active Shooter Incident Management Checklist, Staging procedures and Resource Management, Direct and Indirect Threat Care, Tactical Response Considerations and Rescue Task Force Integration and EMS Advanced Skills.
