

MGT-385 COMMUNITY CYBERSECURITY EXERCISE PLANNING

NO. OF OPENINGS: MIN 30/MAX 40

OSWEGO COUNTY

2 DAYS

MARCH 19-20, 2019

CENTRAL NY

ANNOUNCED: NOVEMBER 8, 2018

Description:

This course is designed to introduce cyber to exercise planners to help them recognize the nature and reach of cyber, so they can better help their communities prevent, detect, respond to, and recover from cyber incidents. Participants will recognize how cyber can be incorporated into exercises in a meaningful way. Participants will be introduced to cyber topics and how cyber can impact the business operations of an organization and community. Lecture and activities will explore objectives, players, cyber injects and challenges to incorporating cyber into exercises. Participants will be exposed to many possible injects and scenarios that can be used in an exercise. Participants will begin development of a community cybersecurity tabletop exercise. The Community Cybersecurity Maturity Model will be used to examine the contribution of exercises to a community's overall cybersecurity posture. This course teaches planning personnel how to include cyber components in their regular planning process. Participants will be given the opportunity to plan cyber components for future community cybersecurity exercises.

Topics:

- An Introduction to Cyber
- Examining Characteristics of Cyber
- Using the Community Cybersecurity Maturity Model (CCSMM) to Develop Exercise Objectives
- Exercise Categories
- Incorporating Cyber into Exercises
- Cyber Storylines and Scenarios
- Planning Community Cybersecurity Exercises

Who Should Attend?

This course is designed for personnel with responsibility for planning and conducting exercises in their organization or the community, who need help, assistance, or training on how to address cyber issues in their exercises.
