

MGT-341 DISASTER PREPAREDNESS FOR HOSPITALS AND HEALTHCARE

No. of OPENINGS: 25 min/40 max

NASSAU COUNTY

2 DAYS

MARCH 22-23, 2018

LONG ISLAND

ANNOUNCED: DECEMBER 15, 2017

Description:

The Texas Engineering Extension Service (TEEX) will be offering this course. The Disaster Preparedness for Hospitals and Healthcare Organizations within the Community Infrastructure course provides information specific to hospitals and organizations vulnerability to a disaster. Participants will be introduced to the various natural, technological, and civil hazards to which hospitals and healthcare organizations may be vulnerable and the potential impacts of those hazards.

Federal guidelines and legislation that serve to aid in the preparedness for, and response to, incidents involving these hazards are discussed, as are current emergency management standards for the hospital community. Participants review response and recovery issues that should be addressed by medical facilities and organizations in preparation for a large-scale incident, including identification of critical resources necessary for response and recovery.

Course Description:

Know what we are preparing for; identify fundamentals of preparedness; preparing the response; preparing the recovery; and knowing of you are prepared.

Prerequisites:

You must be a US Citizen to take this course. **If you are not please let us know by emailing for further instruction.**
