

PER-355 RADIATION INSTRUMENTS EMPLOYMENT COURSE

No. of Openings: Min. 24 / Max. 32

NASSAU COUNTY

1 DAY

NOVEMBER 15, 2018

LONG ISLAND

ANNOUNCED: MAY 3, 2018

Description:

This course uses a series of drills designed to reinforce the skills of emergency responders, who have received training in the use of radiation detection instruments. This course is applicable to both the prevent and response mission areas.

CTOS provides instruments for training purposes; attendees are encouraged to bring their own department's instruments if possible. This course uses sealed radioactive sources to provide realism.

Objectives:

- Given a scenario(s) selected by the host agency, Participants will demonstrate the tasks required to complete the given assignment.
- This course has been designed to provide a host agency with the opportunity to select specific drills and scenarios based upon the jurisdiction/region threat and hazard assessment.
- These tasks may be evaluated on an associated Job Performance Requirement (JPR) if requested by the Authority Having Jurisdiction (AHJ).

Who Should Attend?

Law Enforcement, Fire Service, Hazardous Materials, Search and Rescue, Emergency Management, Emergency Medical Services, Healthcare, Public Health, Public Works, Transportation Security, Private Sector/Corporate Security and Safety Professionals, Public Safety Communications, Agricultural Safety and Animal Services
