

PER-330 SURFACE TRANSPORTATION EMERGENCY PLANNING AND SECURITY- MASS TRANSIT AND PASSENGER RAIL

No. of OPENINGS: 20 Min / 40 Max

NASSAU COUNTY

2 DAYS

OCTOBER 15-16, 2019

LONG ISLAND

ANNOUNCED: AUGUST 1, 2019

Description:

The STEPS-PT course has classroom lecture, facilitated group discussion & participant activities that will train the target audience to conduct threat assessments and identify vulnerabilities within state, local, tribal and territorial jurisdictions as they relate to mass transit and passenger rail systems. The course will educate participants on how to recognize and prioritize passenger transportation facilities and conveyances hardening in order to prevent and protect them against identified threats, especially those involving IEDs. Security and response management plans will also be developed, including procedures on interagency communication, incident command, and evacuation planning. Roles and responsibilities of both public and private sector will be highlighted as protection resources and response partners. There will be special emphasis on National Special Security Events (NSSE's).

Course Objectives:

At the conclusion of this course participants will be able to:

- Relate the several examples of accidents and incidents that have occurred within our mass transit systems in the U.S.
- Relate a brief history of terrorist attacks against mass transit transportation, both internationally and within the U.S.
- Explain why terrorists have chose to attack mass transit systems.
- Relate which parts and structures of mass transit systems have been most frequently targeted by terrorists.
- Recognize the basic principles of the National Infrastructure Protection Plan, the National Response Framework, NIMS, ICS and the Emergency Support Functions.
