

PER-345 RADIATION INSTRUMENTS OPERATIONS COURSE

No. of Openings: Min. 24 / Max. 32

NASSAU COUNTY

1 DAY

OCTOBER 21, 2019

LONG ISLAND

ANNOUNCED: JULY 16, 2019

Description:

This course trains emergency responders and non-uniformed support personnel in the individual skills needed to use radiation detection equipment and dosimetry while operating in the prevent or response radiological/nuclear mission fields. Responders will be trained to select the appropriate instrument for a specific mission and use the instrument in performance of that mission. Responders learn the basic operation of radiation detectors, dosimeters, and portal monitors. Attendees are taught radiation detection activities using a variety of detection instruments. Attendees are encouraged to bring their own department's instruments if possible. This course uses sealed radioactive sources to provide realism.

Objectives:

Upon completion of this course, participants will distinguish between various radiation detection and measuring devices. The participant will:

- Identify basic radiation concepts
- Describe the characteristics and competencies of a dosimeter and a Personal Radiation Detector (PRD)
- Describe the characteristics of a survey meter
- Describe the characteristics of a Radio-Isotope Identification Device (RIID)
- Describe the general characteristic and demonstrate basic operation of a Portal Monitor

Who Should Attend?

Citizen/Community Volunteer, Emergency Management, Emergency Medical Services, Fire Service, Healthcare, Hazardous Materials, Law Enforcement, Public Health, Public Safety Communications, Public Works, Search and Rescue, Transportation Security and 'Govt' Administration.

Location: Northwell Health
145 Community Drive
Great Neck, NY 11021

Time: 8:00 a.m. – 12:00 p.m.
