

PER-344 SOCIAL MEDIA TOOLS AND TECHNIQUES

No. of OPENINGS: Min.25/Max.40

ONEIDA COUNTY

1 DAY

SEPTEMBER 18, 2018

CENTRAL NEW YORK

ANNOUNCED: JULY 12, 2018

Description:

This course is designed to provide participants with the knowledge and skills to use intermediate social media tools and techniques for situational awareness during an emergency. Participants will learn and use tools such as mapping applications, data analysis, and data mining for research and management. It aims to reach public and private sector organizations who have responsibility for conveying disaster-related information to the public or who are responsible for gathering information during and after a disaster.

The course will supplement and build upon NDPTC's existing FEMA-certified performance-level course, PER-304 *Social Media for Natural Disaster Response and Recovery*, by providing more in-depth training in the use of social media for disaster management operations.

Who Should Attend?

The course content is intended for public and private sector organizations who have responsibility for conveying disaster-related information to the public or who are responsible for gathering information during and after a disaster. This includes Community Emergency and Community Response Teams, State, county and local emergency management agencies and NGO's and other agencies such as the Red Cross or United Away.

Requirements:

- **Participants will be required to bring their own laptop or wi-fi enabled device to the training session for the hands-on exercises. This course conducts a Pre-test, Post-test, and Course Evaluation online.**

Location: State Preparedness Training Center
Room 108 (Main Building)
