Training Announcement:

Vehicle Checkpoint: Basic

November 6-7, 2017

State Preparedness Training Center

Course Description

Vehicle Checkpoint: Basic provides students with the basic skills needed to establish and operate a checkpoint for the purpose of detecting weapons, explosive materials, and/or narcotics in a vehicle traveling on a roadway or approaching a venue/event. Students will discuss checkpoint components and LE responsibilities when establishing checkpoints, with an emphasis on officer safety and threat mitigation. Instructors will review interview techniques used to detect suspicious behavior and deception in drivers and occupants. Students will observe as the instructors walk through each task of setting up a checkpoint, then demonstrate skills with instructor guidance in skill lanes. Students will conduct a vehicle stop at a checkpoint and respond if a threat is identified. Students will establish and operate vehicle checkpoints to interdict threats in scenario-based activities throughout the second day of training.

Topics Include

History and Legality of Checkpoints, Establishing a Checkpoint, Vehicle Borne Improvised Explosive Devices (VBIEDs), Search Patterns, Smuggling Tactics, Interview Techniques, Fraudulent Documents, Response to Major Threats
