

Airport General Indicators and Warnings of Suspicious Activity

Suspicious Behaviors and Indicators:

- Photography, videography, or note taking near or at landside and terminal operating areas, which could include law enforcement or security personnel operations and/or monitoring systems
- Being questioned by non-SIDA badged individuals about security pertaining to the secured, sterile, and operationally restricted areas of the airport
- Attempting to conceal face from airport personnel or security cameras
- Individuals attempting to conceal items under bulky clothing
- Individuals bringing or attempting to bring unusual packages into or around the premises
- Attempting to conceal or leave behind items (e.g. luggage, bags, boxes, carts or devices)
- Unknown individuals attempting to relinquish items or baggage in the landside and terminal operating areas
- Attempting to gain access to restricted areas such as the secured, sterile, and airline operations area, either on foot or in a vehicle
- Indirect elicitation about operations, staffing, and security
- Any vehicle that is staged on the departure or arrival roadways that is not actively loading or unloading
- Any vehicle that is not authorized to park in the VIP lots, loading dock, or adjacent to the airport fence line
- Individuals acting nervous, uneasy, and avoiding eye contact
- Repeat terminal visits without making purchases or obtaining a boarding pass
