

Chuck Spalding

Chuck Spalding serves as a subject matter expert for CISA regarding Next Generation 9-1-1 and PSAP Cybersecurity. Chuck was a member of the FCC Task Force on Optimal PSAP Architecture (TFOPA) and the Association of Public-Safety Communications Officials (APCO) Project 43. Chuck has conducted Cyber benchmarks, identifying threats and vulnerabilities inside secure networks. Previously, Chuck held the position of Product Manager with Cisco Systems and served as a Program Manager for Federal-DoD networking initiatives. Chuck has a MS in Information Systems from the George Washington University in Washington, DC and is a Certified Chief Information Security Officer (CCISO).
