

Greg Hauser
Statewide Interoperability Coordinator
Communication Branch Manager

Greg Hauser joined the North Carolina Division of Emergency Management (NCEM) on April 9th, 2018 to serve as the state’s Statewide Interoperability Coordinator (SWIC). Greg is also the state’s Communications Branch Manager and is the point person for ESF2 activities, alerts and warnings and tactical communications team training, readiness and mobilization. Prior to joining NCEM, Greg spent 17 years as a member of the Charlotte Fire Department’s Communications Division. Greg began his career as a telecommunicator eventually working his way up the ranks to serve as the Superintendent of the Communications Division. Greg served as the chairman of the North Carolina SIEC and most recently a member of the North Carolina 911 Commission

representing the North Carolina State Firefighter’s Association.

Throughout his career Greg has been a part of numerous large-scale incidents and events, including the COML assignment for the 2012 Democratic National Convention, Hurricane Irene and Hurricane Matthew. Most recently Greg has filled the role of Communications Coordinator (COMC) for Hurricanes Florence and Dorian and is currently serving as an advisor to the COML for the 2020 Republican National Convention (RNC) being held in Charlotte. In his part time career, Greg served as an SME for the Interoperable Communications Technical Assistance Program (ICTAP) and assisted states with large event communications planning, exercise design and facilitation. These assignments included multiple Super Bowls, the 2016 Presidential Inauguration, the 50th Anniversary Dream March in Alabama and the 2016 RNC in Cleveland.

Greg is originally from Becket, Massachusetts and attended the University of New Haven (CT) where he earned a bachelor’s degree in both Fire Investigation and Fire Administration. Greg and his wife Meghan have been married for 13 years and live in Durham, North Carolina. One of their bucket list items is to visit all 50 State Capitol buildings.
