

Course Description

AWR-235 – INITIAL LAW ENFORCEMENT RESPONSE TO SUICIDE BOMBING ATTACKS

Description:

This course is designed to prepare law enforcement officers to recognize the threat of an active suicide bomber through the recognition of Suicide Bomber Improvised Explosive Device (SBIED) components and suicide bomber behavioral indicators. The course provides multiple response strategies to effectively interdict a suicide bomber. Additionally, the ILERSBA course teaches law enforcement officers how to establish response priorities when responding to a suicide bombing post-blast scene, given the unique hazards associated with such an incident.

Course Objectives:

Upon completing this course, participants will be able to:

- Identify Suicide Bomber Improvised Explosive Devices (SBIEDs), SBIED components, and SBIED delivery methods.
- Identify suicide bomber behavioral indicators.
- Identify active suicide bomber tactical, self-removal, remote, and manual response categories and their strategies.
- Recognize suicide bomber incapacitation strategies and associated hazards.
- Identify response priorities during a suicide bombing post-blast incident.
- Identify personal safety protection actions during a suicide bombing post-blast incident.
