Course Description

G-191 Incident Command System/Emergency Operations Center Interface

Description

This course works best when delivered to Incident Command System and Emergency Operations Center personnel from the same community. The course provides an opportunity for participants to begin developing an ICS/EOC interface for their community. The course reviews ICS and EOC responsibilities and functions and depends heavily on exercises and group discussions to formulate the interface.

Course Objectives:

- Define the course goals and objectives
- Describe ICS Principles
- Using Scenarios, analyze the ICS and EOC Systems and identify potential interface issues
- Describe Multiagency Coordination/EOC Principles
- Identify the authorities, responsibilities, interests, needs and assets of ICS and EOC during emergency operations
- Apply ICS/EOC interface concepts in a classroom activity situation
- Begin developing an ICS/EOC interface action plan for your community

Prerequisites:

- IS0100: Introduction to the Incident Command System
- IS0200: IS-200: Basic Incident Command System for Initial Response OR IS-2200: Basic Emergency Operations Center Functions
- IS0700: National Incident Management System (NIMS)
- IS0800: National Response Framework

Length: 8 Hours

Target Audience:
- Law Enforcement
- EMS
- Fire Service
- HAZ-MAT Personnel
- Public Works
- Public Safety Communications
- Health Care
- Public Health
- Transportation

Cost:
There is no fee for the course. Other cost considerations are detailed in each LMS course offering.
