

Private Non-Profit Eligibility (PNP) Guidelines

Facilities not owned by public entities also may be eligible for disaster assistance if certain criteria are met. The program is intended for organizations that have sustained extensive disaster losses. Obtaining disaster funding involves significant administrative effort and time which includes detailed inspections, preparation of records and documentation. Further information can be obtained by the county emergency management office.

ALL eligible private non-profit organizations, whether a school district, volunteer fire department or an alcohol and drug rehabilitation center MUST also follow the procedures regarding Documentation Requirements, Instructions, and Eligibility as noted in the Applicant's Handbook.

PNP facilities are grouped into one of two different categories:

1. **Critical PNPs** – a facility that provides a critical service which is defined as: education, utility, emergency, or medical.
2. **Non-critical PNP's** – a facility that provides a non-critical, but essential, government service AND is open to the general public such as: community centers, museums, and zoos.

The following facilities are generally eligible for assistance: educational, utilities, irrigation, emergency, medical, and custodial care facilities and facilities that provide essential government services. Those that provide "other essential government services", must be open to the general public include, irrigation facilities, museums, zoos, community centers, libraries, homeless shelters, senior citizens centers, shelter workshops, and health and safety services of a governmental nature.
