

**TRAINING ANNOUNCEMENT:**

# **Critical Infrastructure Resilience and Community Lifelines (MGT-414)**

## **State Preparedness Training Center**

### **Course Description**

In this course participants will learn how to develop a roadmap for progress toward the National Preparedness Goal by facilitating the development of resilience considerations and involving essential community critical infrastructure partners. Participants will learn how to formulate considerations for the resilience of community assets that leverage cross-sector partnerships. These considerations enhance the whole community's ability to manage the risk associated with critical infrastructure protection efforts. Participants will have an opportunity to practice the practical skills necessary to formulate considerations in the local community. Individuals completing this course in combination with MGT-310, MGT-315, and AWR-213 will be awarded an Infrastructure Protection Certificate through TEEX.

### **Course Topics**

This course includes an overview of understanding your community, understanding community lifelines, the concept of resilience, assessing and analyzing risk and a senior leaders brief.
