Course Description

I-400 ICS for Complex Incidents

Description:

This course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS 100 through ICS 300 courses, which are prerequisites for the ICS 400 course.

Course Objectives:

- Explain how major incidents engender special management challenges.

- Describe the circumstances in which an Area Command is established.

- Describe the circumstances in which Multi-Agency Coordination Systems are established.

- Apply key NIMS doctrine concepts to the management of a complex incident or event.

- Identify the complex incident management issues that can result from a lack of multiagency coordination.

- Apply the appropriate structural option to manage a complex Incident.

Prerequisites (Must be most recent version):

- IS-100.c: Introduction to the Incident Command System

- IS-200.c: Basic Incident Command System for Initial Response

- IS-700.b: National Incident Management System, An Introduction

- IS-800.d: National Response Framework, An Introduction

- ICS-300 (E/I/L/G): Intermediate Incident Command System for Expanding Incidents (Course must have been taken after April 2019)

Length: 16 Hours

Target Audience:
The target audience for this course is senior personnel who are expected to perform in a management capacity in an Area Command or Multi-Agency Coordination Systems are established.

Cost:
There is no fee for the course. Other cost considerations are detailed in each LMS course offering.

Signup Details:
Register through the New York State DHSES Learning Management System. Access the LMS through the link on the calendar webpage.
