

New York State RACES HF NET Frequencies

All NYS RACES participants should be familiar with the listed frequencies and check all frequencies for the net. If propagation is poor on the PRIMARY band, then the ALTERNATE or CONTINGENT frequencies shall be checked.

- Net Control Station (NCS) may utilize stations to check propagation and report back to NCS their findings.
- NCS has authority to change frequency/bands at any time.
- NOTICE: PRIMARY/SECONDARY NET FREQUENCIES DATES MAY BE ADJUSTED BY NYS DHSES OIEC STAFF.
