

Format for NYS RACES Radiotelephone (Voice) Training Net

This is [\(NCS Call sign\)](#), New York State Division of Homeland Security and Emergency Services Net Control in the Radio Amateur Civil Emergency Service, operating on _____ kilohertz by authority of the Federal Communications Commission and the Commissioner of the New York State Division of Homeland Security and Emergency Services.

This is a directed net, alerted for the purpose of a RACES training drill. Those not directly concerned with this RACES exercise are requested to keep this frequency clear. I will pause for 10 seconds to allow stations to adjust equipment....Out.

Any stations with traffic of higher than routine precedence, call....Over

- *If any traffic higher than routine is precedence. NCS asks for stations able to handle the traffic to check in, and the traffic is now handled.*

This is [\(NCS Call sign\)](#), net control. I now request stations to check in by region. This station is in region _____. Stations in New York Region 1, call...Over

- *NCS will record all stations checking in from Region 1*

I roger *(calling stations are acknowledged, call signs are given phonetically)*. Are there any additional stations in New York Region 1, or relays from Region 1?.....Over *(Additional stations are acknowledged)*.

- *This procedure is repeated for New York Regions 2, 3, 4, and 5.*

Any station, in any New York State Region, wishing to check in, give your Region followed by your call sign. Over.

- *(Acknowledge these stations, and give call sign of station they will follow and be followed by in the net listing.)*

Appoint an Assistant Net Control Station

- *Select an Assistant Net Control Operator*
- *Try to choose an Assistant NCS that has a good-readable signal that is in a region you are having some difficulty receiving.*

[Announce \(Assistant NCS call sign\)](#) will be assistant net control, out.

Drill Message

All stations, prepare to copy drill message.....Out.

This is (NCS Call sign), message follows:

[Drill message is now given.]

(Call sign of Assistant NCS) do you require any fills at this time, if not please read back the message...over

[Once Assistant NCS finishes reading back drill message]

Are there any stations requiring fills? Over. *(Do necessary fills for message)*

All stations beginning with (call sign) in New York Region 1 roger the message, Over

- *After stations have rogered the message, verify the station count with the assistant NCS. Release any stations that have requested to secure after the message.*

This is _____, net control for the New York State RACES net. Are there any other stations wishing to check into this net? If so, give your region followed by your call sign..... Over.

- *Add any additional information deemed necessary by the NCS.*
- *Give information on the digital net (frequency, off-set, modes, etc.).*
- *Finally have Net Manager (KE2PW) critique the net. Ask for additional comments or words for the net.*
- *Have NYS DHSES OIEC participants (KC2FTD, KE2TRU, KB2AUJ, W2RJO, W2MRD, KC2VTJ, etc.) critique the session.*

CLOSING

This is (NCS Call sign), New York State Division of Homeland Security and Emergency Services Net Control in the Radio Amateur Civil Emergency Service, operating on _____ kilohertz by authority of the Federal Communications Commission and the Commissioner of the New York State Division of Homeland Security and Emergency Services. All units close station. This is (NCS Call sign), closing net and station.....Out.
