Creating an E-Grants Application

Electronic Submission Notice

The New York State Division of Homeland Security and Emergency Services (DHSES) encourages the electronic submission of applications for grant funding as this method expedites the process, reduces the amount of paper materials involved in the grant award process, and minimizes the possibility of clerical errors.

By submitting an application electronically through E-Grants, it is unnecessary to forward any materials to DHSES. However, by submitting electronically, the applicant agrees that

1. The application is made with the full knowledge and consent of the official authorized to enter into contracts on behalf of the municipality or agency and agrees to comply with the requirements set forth in 'New York State Division of Homeland Security and Emergency Services Certified Assurances for Federally-supported Projects: Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements'

2. Upon receiving an award, the applicant shall comply with all applicable federal, state, and local statutes, rules and regulations and

3. Once the applicant receives an award, a contract will be developed based upon the information contained within the application, but the fully executed contract is the only document binding on the parties.

Before any application is submitted by a municipality or agency, the authorized signing official should read and agree to abide by provisions of the following documents which become a part of resulting contracts:

1. 'Appendix A: Standard Clauses for all New York State Contracts' and

2. 'Appendix A1: Agency-specific Clauses' (for DHSES).

3. 'Appendix C: Payment and Reporting Schedule'

It is important to note that DHSES may suspend funding, in whole or in part, terminate funding for, or impose another sanction on a grantee if it appears that the electronic submission of an application did not comply with the above requirements.

DHSES strongly recommends that the applicant:

1. Print the pertinent documents listed above - accessible at http://www.dhses.ny.gov/grants/

2. Ensure review of the documents and signed approval by the authorized signing official.

3. Retain the documents for future reference. Do not send them to DHSES.

If an award is made and a contract is subsequently developed from the application, the contract package that is sent to the official for signature will contain the required documents.

Accept

The Electronic Submission Notice must be read and acknowledged before accessing the system. Once you have read the notice, please click the ***Accept*** button and the login screen will appear.
