

MGT- 452 PHYSICAL AND CYBERSECURITY FOR CRITICAL INFRASTRUCTURE COURSE

No. of Openings: 40
OCTOBER 25, 2016

WESTCHESTER CO.

1 DAY

ANNOUNCED: AUGUST 10, 2016

Description: This course encourages collaboration efforts among individuals and organizations responsible for both physical and cybersecurity toward development of integrated risk management strategies that lead to enhanced capabilities necessary for the protection of our Nation's critical infrastructure.

Participants will identify physical and cybersecurity concerns impacting overall infrastructure security posture, examine integrated physical and cybersecurity incidents and the evolving risks and impacts they pose to critical infrastructure, and explore resources that can be applied to improve security within an organization, business, or government entity.

Who Should Attend?

- Managers and employees from all critical infrastructure sectors and subsectors.
- Federal, State, Local, regional, tribal, and Territorial government officials.
- Owners and operators of small businesses and non-profit organizations.
- Individuals responsible for physical and/or cybersecurity within their organization.

Prerequisite:

FEMA/SID Number

Students must register and bring a copy of their SID number to class. Register online:

Cdp.dhs.gov/femasid
